Introducing Mohawk's Newest Line of Products

# INTRODUCTION/DISCLAIMERS

## INTRODUCTION

**Mohawk Finishing Products** is the leading manufacturer and distributor of professional wood and leather touch-up, repair and finishing products. Mohawk offers the highest quality wood coatings and finishing products, furniture polishes and cleaners, and touch-up and repair products in the industry.

With our modern laboratory facilities, we are in a position to formulate and furnish you with almost any desired item and any special shade or color. We are always ready to help with whatever finishing, patching or repairing difficulties you have.

Mohawk believes in the wood and leather touch-up and repair professional and we dedicate our efforts to supporting them in their craft. Mohawk provides more products and services to help all businesses from small to large with their finishing and repair projects than anyone in the industry. We're here to help businesses like yours provide clients with the best wood, leather and vinyl touch-up products.

Professional finishers recognize and depend on Mohawk for a wide variety of quality products that are accompanied by our personal support. Our repair products and stains serve as the benchmark in color selection and performance. Our products will help you consistently achieve professional results.

Based in Hickory, North Carolina, Mohawk Finishing Products offers its top quality wood coatings and finishing products across the country and around the world through respected distributors, or you can order direct or on-line through our product catalog.

## DISCLAIMERS

### Limited Warranty Disclaimer

To the best of our knowledge the technical data contained herein is true and accurate on the date of publication and is subject to change without prior notice. User must contact Mohawk Finishing Products to verify correctness before specifying or ordering. No guarantee of accuracy is given or implied. We assume no responsibility for coverage, performance or injuries resulting from use. The data on this sheet represents estimated and typical values. Since application variables are a major factor in product performance, this information should serve only as a general guide. We sell the products without warranty. Users assume all responsibility and liability for use. Loss or damage arising from the use of our products whether used alone or in combination with our products is the responsibility of the user. MOHAWK FINISHING PRODUCTS MAKES NO WARRANTIES, EXPRESS OR IMPLIED, AND DISCLAIMS ALL IMPLIED WARRANTIES INCLUDING WARRANTIES OF MERCHANTABILITY OR FITNESS FOR A PARTICULAR USE OR FREEDOM FROM PATENT INFRINGEMENT. MOHAWK FINISHING PRODUCTS WILL NOT BE LIABLE FOR ANY SPECIAL, INCIDENTAL OR CONSEQUENTIAL DAMAGES. Your only remedy for any defect is the replacement of the defective product, or a refund of its purchase price, at our option. The information on our Product Data sheet, catalogs and sell sheets, as well as the products referenced herein, shall be considered "Confidential Information". Wet samples and uncured samples of these products shall be maintained as confidential and shall not be disclosed to any third party without the prior written permission of Mohawk Finishing Products.

### PAINTED FINISH DISCLAIMER

Opaque or painted finishes have unique differences from other wood finishes. When paints are applied to wood products composed of several different pieces of wood, expansion and contraction of the wood can cause cracks in the finish where the wood pieces join together. There are several areas on the cabinets where these cracks will occur. Doors may develop cracks in the finish on door joints and seams on glued-up door panels. Stile and rail face frames may develop cracks on glue joints where horizontal pieces meet vertical pieces. Mitered style doors are very prone to develop cracks or breaks in the finish on mitered joints. Mohawk Finishing Products cannot insure painted product will not react to these normally occurring circumstances and will not prevent cracking due to excessive substrate movement. These characteristics are normal and will not be considered for product replacement or warranty.

### EFFECTS OF HUMIDITY

Wood will naturally respond to changes in humidity and the expansion and contraction can be dramatic. Wood and wood veneer substrates can shrink or expand when changing between cold, dry conditions to warm, humid conditions. This potential movement makes it very important to control the humidity levels in the environment where finishes and finished projects will be applied, stored or used. Cracks that originate at the joints are part of the natural process of solid wood movement and therefore are not considered a coating defect.

TO PLACE AN ORDER: Visit us online @ [www.mohawkfinishing.com](http://www.mohawkfinishing.com) or call (800) 545-0047 within the Continental U.S.

CORPORATE OFFICE: 2220 US HWY 70 SE SUITE 100 HICKORY, NC 28602, FAX # 800-721-1545

## OUR MISSION STATEMENT

*"Mohawk's policy is to consistently provide products and services at a level of quality that meets or exceeds the expectations of our customers."*

*We expect to be the standard of quality for our industry.*

## ORDERING INFORMATION & TERMS

### Payment Method:

We accept Visa, MasterCard or American Express.

### Open Credit:

Open credit is extended to accounts that complete a credit application and are approved by our credit department. No open credit will be allowed without a signed, completed credit application and approval of the credit department. **Your order will be shipped promptly upon a favorable credit determination.** On open accounts, our terms are Net 30 Days from the date of shipment. Sales tax will be added where required unless a tax exempt certificate is on file. ***There will be a charge of \$35.00 for all returned checks and the account will then be placed on prepaid terms only.***

### How To Order:

Phone: 800-545-0047 - Fax: 800-721-1545

Email: [orders@mohawk-finishing.com](mailto:orders@mohawk-finishing.com)

On-line using your Mohawk account number

[www.mohawkfinishing.com](http://www.mohawkfinishing.com)

### No Minimum Order Volume

### Shipping and Handling (Continental U.S. only):

Freight charges are estimated on your order. Once shipped, actual freight cost and any applicable hazmat fees will be added to your invoice.

Orders shipped UPS/FedEx Collect or Third-Party Billing are subject to a \$10.00 Handling fee.

Orders under \$85.00 are subject to a \$10.00 handling fee.

Actual freight does not include additional carrier accessorial fees, i.e., lift gate, redelivery fees, or residential fees and will be invoiced to you by the carrier or Mohawk Finishing Products separately.

Orders to **Alaska & Hawaii** require special handling and expedited shipping (2nd Day or Overnight service). Please contact Customer Service for a freight quote for orders shipping to Alaska or Hawaii.

**Note:** Custom product orders require additional production time. Therefore, custom orders will be processed separate from stock orders and are subject to separate freight charges.

For customer service issues, please contact:  
[cs@mohawk-finishing.com](mailto:cs@mohawk-finishing.com)

### Backorder Policy:

Back ordered items will be shipped as soon as possible unless order states "Do not backorder".

### Shortage:

Claims of shortage of materials or products must be reported within 10 business days of receipt of the order. Any deduction without authorization will not be allowed and will be carried as a balance due.

### Damaged Goods:

Once received, we ask that you promptly inspect your order. Any damages to the cartons or packaging of your order that are visible upon receipt should be noted on the carrier's paperwork when signing for the delivery. All claims of visible and/or concealed damage (within the cartons) should be reported to Mohawk Finishing Products within 10 business days.

### Return Procedures:

We make every effort to accurately ship your orders and commit to quickly correcting any error that may occur. All customer service issues are handled by the Customer Service Department.

1. Please notify our Customer Service Department of any questions. Our customer service representatives will do everything possible to satisfy your needs.
2. In order to answer your questions and serve you better, please have a copy of your packing slip and/or invoice when you call.
3. If a return is necessary, the Customer Service Department will provide you a return material authorization (RMA) number. This number must be marked on 2 sides of the carton(s) to be returned. Any merchandise returned without an RMA number marked on the carton(s) will be refused. Product being returned must be shipped via UPS or FEDEX. The warehouse cannot accept anything sent via US mail.
4. We must be notified of any shipping error within 10 business days. We cannot accept returned products under any circumstances after 60 days. All returns are subject to inspection.
5. All returns are subject to a 25% restocking fee and return freight charges with the exception of defective product or Mohawk shipping error.

### Limited Warranty:

Mohawk Finishing Products shall not be liable for any injury, loss or damage arising out of the use or inability to use any item sold by us. Our only obligation in lieu of all warranties expressed or implied is to replace any item proved to be defective. The user must determine the suitability of the product for its intended use, and assumes all risk in connection therewith.

## CLEAR

### Perfect Blend® Lacquer

A premium blended nitrocellulose lacquer displaying excellent adhesion over waxed and polished surfaces and areas contaminated with silicone. Perfect Blend® features a soft spray, low film build, and fine atomization resulting in virtually no overspray, little bounce, excellent flow, and strong ability to blend in with the surrounding surface. Net Wt. 13.5 oz.

△WARNING: Cancer and Reproductive Harm - www.P65Warnings.ca.gov. Applies to product(s) below.

M102-0705	Dead Flat	5-8 Sheen
M102-0710	Flat	10-13 Sheen
M102-0720	Matte	19-23 Sheen
M102-0740	Satin	35-40 Sheen
M102-0760	Semi-Gloss	55-65 Sheen
M102-0780	Gloss	80 Sheen

### Perfect Blend® Waterborne Lacquer

A premium blended water-based acrylic lacquer featuring fast dry and very low odor that is HAPS free. It displays excellent adhesion over waxed and polished surfaces and areas contaminated with silicone. Perfect Blend® Waterborne features a soft spray, low film build, and fine atomization resulting in virtually no overspray, little bounce, good flow, and a strong ability to blend in with the surrounding surface. Ideal for touch-up use where odor may be an issue, especially restaurants, offices, homes and hotels. Net Wt. 13.5 oz.

M102-0422	Satin
M102-0421	Flat
M102-0485	Dead Flat 5 Sheen

### Ultra® Flo Clears

Formulated with special resins and solvents to provide a finish film free of orange peel. Little or no overspray when used over spot repairs over an existing lacquer finish. Saves time, as the finish film will not require sanding or rubbing. Net Wt. 13 oz.

△WARNING: Cancer and Reproductive Harm - www.P65Warnings.ca.gov. Applies to product(s) below.

M102-0450	Gloss
M102-0451	Flat
M102-0452	Satin

### Ultra-Flo Ultra® Bond

Mohawk's Ultra-Flo Ultra® Bond topcoat is specially formulated to adhere to and flow out over hard to coat surfaces such as UV finishes, 2 component polyurethanes, polyesters, etc. Ultra-Flo Ultra® Bond topcoat has a unique blend of resins and solvents that provide superior adhesion and flow. Net Wt. 13 oz.

△WARNING: Cancer and Reproductive Harm - www.P65Warnings.ca.gov. Applies to product(s) below.

M102-0550	Gloss	80 Sheen
M102-0551	Semi-Gloss	60 Sheen
M102-0552	Satin	40 Sheen
M102-0553	Flat	25 Sheen
M111-0112	Buckboard	

### Water Clear Acrylic

Water clear protective coating for furniture, paper, and plastic products. Does not yellow with age. It can also be used on metals such as chrome, brass, and aluminum. Net Wt. 13 oz.

△WARNING: Cancer and Reproductive Harm - www.P65Warnings.ca.gov. Applies to product(s) below.

M102-0426	Gloss
M102-0427	Satin
M102-0428	Flat

### Pre-Catalyzed Clears

Features excellent flow out for touch-up use. The dry film is very durable and adheres where other finishes will not. The product has been tested and approved for in-factory touch-up on catalyzed finishes. Net Wt. 13 oz.

- Excellent atomization
- Excellent adhesion
- Very good clarity and durability

△WARNING: Cancer and Reproductive Harm - www.P65Warnings.ca.gov. Applies to product(s) below.

M102-0410	Gloss
M102-0415	Semi-Gloss
M102-0412	Satin

## CLEARs

### Pre-Catalyzed Clears - Continued

M102-0416	Matte
M102-0411	Flat
M102-0414	Dead Flat

### High Solids Pre-Catalyzed Clears

A high solids pre-catalyzed aerosol lacquer with the durability and adhesion of our traditional pre-cat aerosol that eliminates the need to mix bulk finishes for your small refinishing and restoration jobs. Net Wt. 13 oz.

- High solids, fast build
- Superior flow out
- Outstanding adhesion
- Excellent durability

△WARNING: Cancer and Reproductive Harm - www.P65Warnings.ca.gov.  
Applies to product(s) below.

M102-0320	Matte
M102-0335	Satin

### Finisher's Choice™ Clears

A high solids aerosol lacquer that eliminates the need to mix bulk finishes for your small refinishing and restoration jobs. Net Wt. 13 oz.

- Higher solids, fast build
- Outstanding atomization
- Excellent blush resistance
- Superior flow out

△WARNING: Cancer and Reproductive Harm - www.P65Warnings.ca.gov.  
Applies to product(s) below.

M102-0540	Gloss
M102-0541	Satin
M102-0542	Flat
M102-0543	Sanding Sealer

### C.A.B. Production Topcoat - Clears

High solids, fast-building, water clear finish. Excellent flow, fast drying and blush resistant. The best choice for use over whites and light color furniture. Net Wt. 13 oz.

△WARNING: Cancer and Reproductive Harm - www.P65Warnings.ca.gov.  
Applies to product(s) below.

M102-0480	Gloss
M102-0482	Satin

### Final Finish™

A non-yellowing, C.A.B./Acrylic finish. This quick drying, blush resistant finish works equally well for production or in-shop touch up and repair of most modern finishes. Net Wt. 13 oz.

△WARNING: Cancer and Reproductive Harm - www.P65Warnings.ca.gov.  
Applies to product(s) below.

M102-0490	Gloss
M102-0492	Satin
M102-0493	Matte
M102-0494	Flat

### Smooth Coat Lacquer

Spray a soft, silky, hand rubbed effect right out of the can. The slightly amber tone of Smooth Coat gives a rich patina as a clear natural topcoat finish and adds a beautiful richness to dyed or stained woods. Smooth Coat features quick dry, quick build, with exceptional flow-out and leveling.

- Perfect topcoat for interior furniture, small craft, carvings, antiques and architectural millwork
- Faster build (15.1% solids by volume, comparable to a spray gun.)
- Conventional VOC formulation aerosol - Net Wt. 13 oz.

△WARNING: Cancer and Reproductive Harm - www.P65Warnings.ca.gov.  
Applies to product(s) below.

M103-030	Satin
----------	-------

### Clear Spray Shellac

A clear coating for furniture, floors, inside drawers and food cabinets. Shellac has unusually good adhesion to hard-to-grip surfaces. Hold out is exceptional on wood, plywood, and plaster. Recommended for spot sealing knot holes, sap streaks, and refilled areas before refinishing. Can also be used as a barrier coat over a silicone-contaminated area. Net Wt. 12 oz.

M102-0475

### Flat Oil Finish

Designed for oil-walnut and teak finishes. Spray over spot repairs to reduce gloss so as to blend in with the sheen of the surrounding finish. Can be used to produce a simulated oil finish over a previously stained surface. Net Wt. 13 oz.

△WARNING: Cancer and Reproductive Harm - www.P65Warnings.ca.gov.  
Applies to product(s) below.

M102-0424

### Outdoor Acrylic Aerosol

The Outdoor Acrylic Aerosol is made with high quality non-yellowing acrylic resins. This aerosol was formulated to adhere to wood, metal, powder coating, plastic and other materials. The perfect choice for all your outdoor projects.

- Superior flow out and blending
- Great clarity and durability
- Excellent atomization
- Excellent adhesion

M102-0910	Flat
M102-0940	Satin
M102-0980	Gloss

## CLEARs

### High Performance Clear Acrylic Aerosol

The High Performance Clear Acrylic Aerosol is made with high quality non-yellowing acrylic resins. This aerosol was formulated to adhere wood, metal, powder coating, catalyzed coatings and other materials. The perfect choice for all your indoor and outdoor projects.

- Superior flow out and blending
- Great clarity and durability
- Non-yellowing
- Excellent atomization
- Excellent adhesion

M102-0080	Gloss

## TONERS

### Ultra® Classic Toner

Dye-based transparency with highest rating of light-fastness available for dyes.

- Excellent flow out, no overspray
- Mar and alcohol resistant

Solve flow-out problems associated with aerosol lacquer touch-up! Ultra® Classic Toners utilize a non-fading, non-bleeding dye to provide excellent clarity. Wood shades can be varied without imparting the "muddy" effect sometimes associated with pigment type toners. *Custom color matching available.* Net Wt. 13 oz.

## SEALERS

### Tone Finish Flat Easy Sanding Sealer

This low sheen sealer is recommended when working with flat or dead flat topcoats. Dries quickly and sands with ease. Net Wt. 13 oz.

△WARNING: Cancer and Reproductive Harm - www.P65Warnings.ca.gov. Applies to product(s) below.

M102-0484	Flat
-----------	------

### Tone Finish Clear Lacquer Sanding Sealer

One of the most versatile products used in furniture touch-up. Fills in and levels surface scratches and burn-in repairs. Fast drying, easy sanding, high solids for rapid build-up. Seals in stains prior to final topcoat of finish for faster build up. Net Wt. 13 oz.

△WARNING: Cancer and Reproductive Harm - www.P65Warnings.ca.gov. Applies to product(s) below.

M102-0423
-----------

### Pre-Catalyzed Sanding Sealer

Excels in flow-out, adhesion and hold-out. Fast-drying, resistant to yellowing. Leaves no halo on spot repairs. Recommended for use under Pre-Catalyzed Clears, Final Finish™ Clears and C.A.B. Production Topcoats. Net Wt. 13 oz.

△WARNING: Cancer and Reproductive Harm - www.P65Warnings.ca.gov. Applies to product(s) below.

M102-0413
-----------

### Heavy Bodied Sanding Sealer

Used to repair light scratches, packing marks and light indentations. Heavy Bodied Sanding Sealer contains additional fillers to perform the repair in less time. Net Wt. 13 oz.

- Ultra low sheen, high blush resistant
- Higher solids, higher build

△WARNING: Cancer and Reproductive Harm - www.P65Warnings.ca.gov. Applies to product(s) below.

M102-0491
-----------

### Finisher's Choice™ Sanding Sealer

A high solids aerosol lacquer that eliminates the need to mix bulk finishes for your small refinishing and restoration jobs. Net Wt. 13 oz.

- Increased clarity, outstanding atomization
- Fast build, excellent blush resistance
- Superior flow out

△WARNING: Cancer and Reproductive Harm - www.P65Warnings.ca.gov. Applies to product(s) below.

M102-0543
-----------

### E-Z Vinyl® Sealer

E-Z Vinyl® Sealer aerosol is the perfect choice for spot repairs on kitchen cabinetry, furniture or millwork where improved durability, moisture resistance, and adhesion are critical. E-Z Vinyl® Sealer aerosol is a water clear, quick build sealer specifically designed for surface preparation under mid to higher sheen finishes.

E-Z Vinyl® Sealer aerosol sprays with good atomization and flow and provides a flexible, moisture resistant surface when applied under all MOHAWK aerosol clear topcoats, especially the pre-catalyzed aerosol lacquers.

Net Wt. 13 oz.

- 42-46 degree sheen, improved moisture resistance
- Non-Stearated formulation

## INSTRUMENT LACQUERS

### Guitar Lacquer Toner

Guitar Toner Aerosols are used to add controllable, even color to the guitar. Made from fade resistant dyes, they apply transparent color so the beauty of the wood shows through, yet they are strong enough that several coats will create the dark sunburst effect that is so popular on guitars. Starcast Amber applies the basic light tone colors of the guitar. Encore Brown is used to tone the body sides of acoustic guitars, which are typically darker than the soundboard. The Encore Brown is also used to create a sunburst effect around the edge of the body of a guitar, whether acoustic or solid bodied.

M113-1201	Encore Brown
M113-1202	Starcast Amber
M113-1203	Deep Red

### Stringed Instrument Lacquer

Just as our Stringed instrument Lacquer in quarts, this aerosol is formulated specifically as a high quality finish for thin, flexible tone-woods such as those used on stringed instruments, made to withstand the expansion and contraction that is characteristic of the

## INSTRUMENT LACQUERS

### String Instrument Lacquer - Continued

unique construction of stringed instruments. Vinyl Sealer is also flexible by nature. Therefore, it is the only sealer that should be used under Stringed Instrument Lacquer. This combination yields great sound and empowers luthiers to finish their handiwork with confidence.

### Shadow Toner

Easily add color to a repair or a finishing project by using Mohawk's Shadow Toner. The Shadow Toner is made with micro fine, non fading pigments and high quality lacquer. This aerosol will add color to your project without a muddy appearance. Apply Shadow Toner to your project to correct the color, add color or to help hide a repair. Adjustment of sheen is achieved with a clear topcoat lacquer. Net Wt. 13 oz.

- Superior flow out, subtle blending
- Good clarity, no overlap marks
- Fine atomization of color

## AEROSOL FILLING SYSTEMS

### Fill-One Aerosol Filling System

Fill-One is a single fill aerosol system that is designed to save time, money and effort.

- Patented filling cap, eliminates clean up
  - The unit is powered by compressed air
  - Aerosolizes products in less than 5 seconds
- ⚠WARNING: Cancer and Reproductive Harm - www.P65Warnings.ca.gov. Applies to product(s) below.

M984-7000 Fill-One Aerosol Filling System

M984-7001 Fill-One Wall Mount Bracket

M984-7005 Fill-One Demonstration Plate

M984-7002 Fill-One Cap

M984-7003 Fill-One Pre-Charged Aerosol Can - High Solids Coatings

M984-7004 Fill-One Pre-Charged Aerosol Can - Standard Coatings

M984-7006 Fill-One Pre-Charged Aerosol Can - Stains & Glazes

## AEROSOL FILLING SYSTEMS

### Fill-One Manual System

Enjoy the same benefits as our standard Fill-One but inject the stain or coating into a pre-charged aerosol can using a manual crank instead of a compressor. Filling takes seconds and you'll NEVER have to clean the machine.

High-quality aerosols offer real convenience that lends itself to time and cost-savings benefits for professional repairers.

- No cleaning after filling aerosol cans
- Seconds to fill with no loss of product
- Compact system - about the size of a coffee maker
- Stain or coating is permanently sealed into the cap, serving as a color indicator
- No compressor required - simple, hand crank operation
- Safe and surefire - no guessing about the number of strokes
- Includes mounting plate

### Pro-Mark® Marker

The Pro-Mark® capillary marker features excellent flow. Whether you

need to touch-up 1 inch or 20 feet, the Pro-Mark® Marker does it the first time and everytime. The colors are the most fade resistant, the most resistant to color shift from topcoating and have the best bleed resistance. The nib offers superior flow along with the durability needed to do all normal repair work. Marks equally well with the edge, the bottom or the tip. Good adhesion to most surfaces and resistance to polishes are built into the Pro-Mark® Marker. *Custom color matching available.*

The Background Marker

Touch-Up dispenses a thin, fast drying, low sheen film

to replace background color over fills, glue lines, dark areas in raw wood, and other stains. Indispensable for touch up on MDF, particleboard, and other very absorbent substrates, which go dark with other types of markers. Color band on markers to aid in identifying correct colors.

### Artisan Glaze Marker

The new Artisan Glaze Marker is used to create glaze lines on a glazed cabinet or furniture part. This Artisan Glaze marker can be used to add to or alter an existing glaze line. This new marker formulation allows you to apply the glaze line to the part and then work the line to blend in to the surrounding glaze effect. This touch-up marker was designed to be the same strength as a light glaze, dry slowly, which enables you to work the color once it is applied to the part and build color over itself. You can add, alter or create a glaze line over a finish using this marker. This marker is designed to be used in the field, shop or factory settings.

- Quick and easy to use
- Can be used during or after your finishing process
- Can be used to create or touch-up existing glaze lines

## TOUCH UP MARKERS

### Artisan Glaze Marker - Continued

- 6 Stock colors AND a 6-pack assortment
- Custom colors available

### Fillable Marker

Mohawk Fillable Markers are made of the same quality as our standard valve markers. The Fillable Marker will come with components to complete 6 markers. Included are 6 tubes, 6 valves with Acrylic Chisel Point Nibs (M290-1001), 6 Polyester Chisel / Bullet Point High Flow Nibs (M290-1003), 6 labels, and 6 agitator balls.

M269-0006

### Ultra<sup>®</sup> Bond Waterborne Clear Finish Marker

Mohawk Ultra<sup>®</sup> Bond Waterborne Clear Finish Marker produces a durable, chemical resistant, water clear finish for use on flooring, cabinets, furniture and many other surfaces. Has excellent adhesion on most hard to adhere to finishes such as urethane, UV and aluminum oxide. Blends well into the surrounding area providing a nearly invisible repair. A truly multi-purpose topcoat for those small repairs and finishing needs. **Low odor and fast drying.**

## TOUCH UP MARKERS

### Ultra® Fine Grainer

For replacing grain and distressing marks over spot repairs on all types of furniture and cabinets.

- Produces extra fine grain lines
- Quick drying permanent inks
- New nib design with continuous flow
- Easier than brush application
- Top coat with any Mohawk finish

M265-0101	Lt. Oak GP9
M265-0301	Med. Brown GP8
M265-0401	Dk. Brown GP7
M265-0501	Black GP6

### Brush Tip Markers

Features a micro brush tip applicator. This revolutionary marker and tip allows you to apply color exactly where it is needed without any messy powders, fluids or odors. This is the perfect color tool for service technicians, shop technicians or factory line technicians. This is simply the easiest marker that you will ever use!

- Use to add grain lines or alter the color of a Fil-Stik® Putty Stick, Quick Fill® Burn-In Stick, PlaneStick® Burn-In Stick or E-Z Flow™ Burn-In Stick
- Add color to small sand thru areas on a face or edges of a wooden part
- Add or alter color in any small defect

#### Features

- Clear crisp colors that hold a thin line
- Low to no odor, easy to use, teach and learn
- Quick and easy application, no messy powders

## TOUCH UP PENCILS

### Graining Pencils

The graining pencil is an artist pencil with soft, thick cores to create a smooth color lay down for superior blending and shading. The pencils can be used to add color or grain lines over raw wood, finished wood, Mohawk Epoxy Sticks and Bondo® Wood Filler. The color of the pencils will not bleed or change when top coated. Recommended on production line touch-up stations since color can be replaced along moving line. Absence of liquid eliminates drying time.

M270-1400	Assortment (Includes all 14 colors)
M270-0901	Warm Grey
M270-0902	French Grey 70%
M270-0903	French Grey 90%
M270-0904	Sandbar Brown
M270-0905	Black

M270-1034	Goldenrod (Oak)
M270-4030	Raspberry (Mahogany)

### Shading Pencils

Employed for antique distress markings and to simulate grain effects on spot repair work. Paper wrapped with string pull out making sharpening unnecessary. A protective coating should be sprayed over the area.

M271-0001	Black
M271-0003	White
M271-0005	Red Brown

## BLEND-ITS

### Blend-Its

A liquid filler and topcoat used to repair minor surface scratches, replace finish and to lock in other types of repair work. Adheres to most materials or finishes. Fast drying Blend-Its can be used on all finishes without fear of damaging the finish. Each jar comes with a brush attached to the cap for quick and easy application. 1/2 oz. jars.

## PUTTY & FILLERS

### Burn-In Balm™ Paste

Prevents unwanted spread of excess E-Z Flow™ Burn-In Stick or Plane Stick® Burn-In Sticks from adhering to the surrounding area as they are removed. Speeds production and minimizes sanding.

⚠WARNING: Cancer and Reproductive Harm - www.P65Warnings.ca.gov.  
Applies to product(s) below.

M401-1203 4 oz.

M401-1206 Quart <sup>∞</sup>

*<sup>∞</sup>Discontinued - Available while supplies last*

### E-Z Seal Pen

Prevents glossy look of burn-ins under low sheen topcoats. Good solvent hold out. Fast drying and easy to use.

M295-0001

M264-1004 Replacement Nibs

### Burn-In Sealer

A clear protective coating sprayed over a “Burn-In Stick” repair to eliminate “bright spots” (halo). When a gloss, satin or flat finish is applied over Burn-In Sealer, the repaired area will blend in with the sheen of the surrounding finish without glossing up.

Net Wt. 13 oz.

⚠WARNING: Cancer and Reproductive Harm - www.P65Warnings.ca.gov.  
Applies to product(s) below.

M103-0467

## PUTTY & FILLERS

### Fil-Stik® Putty Sticks

Semi-hard putty sticks used to fill in nicks and scratches or open corner joints. Can be protected

with Tone Finish aerosols or other coatings. No heat or special tools required, simply rub in and wipe off.

## PUTTY & FILLERS

### 3 in 1 Repair Stick

Fill ~ Level ~ Color ~ Fil-Stik® and Marker in the same color for ideal color matching. Complete repairs with a single product, filling and color replacement all in one. Use the patent pending Leveling Tool to ensure it's level.

⚠WARNING: Cancer and Reproductive Harm - www.P65Warnings.ca.gov. Applies to product(s) below.

#### Blister Cards

M319-3000B Black	M319-3001B True White
M319-3002B Golden Oak	M319-3003B Light Grey
M319-3004B Cherry	M319-3005B Walnut
M319-3006B Perfect Brown	M319-3007B Natural
M319-3008B Honey	M319-3009B Red Mahogany
M319-3010B Caramel	M319-3011B Dark Grey
M319-3012B White	M319-3013B Brown
M319-3014B White Stain	

### Hard Fill

Hard Fill is made from a blend of hard waxes and is used to repair minor and medium defects in wood and rigid plastic. Recommended for repairs on floors, tops, fronts, sides, doors, drawers, any wood surface.

- Easy to learn and use
- Excellent for dents
- Little to no sanding
- Good for all sheens
- Builds finish quickly
- Safe for any finish
- Works for any sheen

### Wood Filler

Mohawk Wood Filler is a water-based premium grade, solvent free filler that sets firmly to all wood surfaces. Mohawk Wood Filler offers minimal shrinkage and will not crack or fall out. Wood Filler accepts most stains, tints or finishes and all finishing operations; painting, staining, sanding, drilling, sawing and lacquers. Ideal for edge veneering and woodgrain filling.

- Quick drying
- Sands easily
- Minimal shrinkage
- Easy clean-up
- Indoor / outdoor use
- Freeze / thaw stable

M741-0025	Alder / Cherry 16 OZ.
M741-0035	Natural Maple 16 OZ.

### Grain Filler & Solvent

For all types of open grain wood to fill and level the surface. Mohawk Grain Filler is a heavy paste high in solids for improved fill properties. Easy to apply and provides excellent adhesion for finish coats.

May be finished with lacquer, varnish, acrylic, or shellac finishes. Drying time is critical (see label). Adjust dry time by diluting with Mohawk Grain Filler Solvent.

## PUTTY & FILLERS

### Bondo® Wood Filler & Red Cream Hardener

Bondo® Wood Filler can handle any wood repair ranging from the smallest to the largest of projects; filling in minor furniture damage or rebuilding a missing piece of wood.

When the filler and hardener are mixed, a reaction occurs which allows the filler to chemically bond to the repair surface and allows the product to cure quickly and adhere permanently. For more advanced repairs, the filler can be applied in layers to rebuild rotted or missing pieces of wood. Bondo® Wood Filler is water resistant and will not shrink. You can make professional, great looking repairs.

- Professional strength two-part wood filler designed for interior and exterior use
- Stainable and paintable
- Non-shrinking and water resistant
- Easy to sand in 15 minutes
- Chemically bonds with surface for permanent solution

⚠️WARNING: Cancer Harm - www.P65Warnings.ca.gov. Applies to product(s) below.

- M743-5003 Bondo® Red Cream Hardener - .75 oz.  
M743-5004 Bondo® All Purpose White Cream Hardener - 2.75 oz.

### Water Base Paste Wood Filler

Mohawk Water Base Paste Wood Filler has been designed to allow the professional to create a smooth, closed grain surface on open grain wood and is excellent for filling end grain. Natural.

- Applies & sands easily
- Levels smoothly
- Non-Flammable
- Water clean-up
- Low VOC (200 g/l)
- Dries quickly (2-4 hours)

⚠️WARNING: Cancer and Reproductive Harm - www.P65Warnings.ca.gov. Applies to product(s) below.

## PUTTY & FILLERS

### Knot Filler Cooling Iron

For pressing liquid Knot Filler into the knot and for quick cooling. The metal is aluminum and the handle is made from plastic.

M319-6004

### Knot Filler Chisel

For cutting off excess Knot Filler. Beech handle with a blade made from steel. A sharp tool with good grip.

M319-6002

### Knot Filler Saver

When you use Knot Filler it is sometimes necessary to change color, which means you need to empty the heating gun for Knot Filler. In order to minimize waste we have introduced the Knot Filler Saver that makes it possible to build new Knot Filler sticks of excess Knot Filler that otherwise would go to waste. The Knot Filler Saver is a tool that allows you to make new sticks, which you can save for use later. Make sure to seal the new sticks tightly in a bag, so they are not exposed to air.

M319-6030

### Fil-O-Wood™ Wood Putty

Extra fine textured, water-base wood putty for holes, corner chips, cracks, screw holes and other defects. Will accept stain or finish in a manner similar to natural wood surrounding the defect. No strong solvents. Will not harm existing finish, can be sanded dry or wet. Once dry, Fil-O-Wood™ Wood Putty is shrink free, mar resistant, and has excellent adhesion. Recommended for both finishing and touch up repair systems where time is not of the essence or where hole is too large for filling with a Mohawk Burn-In Stick. Blendal® Powders can be intermixed with Fil-O-Wood™ Wood Putty to achieve additional shades. Can be sawed, drilled or carved.

## BLENDAL® STICK – COLOR BLENDING

Matching colors for touch up requires a basic understanding of color theory. Normally, it will be necessary to blend 2 or 3 colors together to get an accurate color match. The normal wood panel has a color scheme consisting of a foreground, background, and grain color. The following is a list of intermediate wood tone colors; these are the primary colors of the wood industry:

- Cordovan - Violet Brown
- Burnt Sienna - Orange Brown
- Raw Umber - Green Brown
- Burnt Umber - Red Brown
- Raw Sienna - Yellow Brown
- True Brown - Neutral Brown

There are two basic techniques to replace color; color blending and color layering. When color blending simply draw several streaks of various colors (use colors matching background, foreground and grain colors) then lightly blend colors together to create a natural wood grain pattern. When color layering simply draw streaks of the background, smear color lightly then topcoat with a clear aerosol. Repeat this process with a foreground color and then a grain color each time duplicating the color and grain pattern.

Colors that appear opposite each other on the color wheel will neutralize each other and bring the resulting color to the middle of the wheel, which is a neutral brown.

Note: Colors directly across from each other are complementary colors and when blended together will develop a "brown tone".

Black and White are used to darken or lighten colors and are not considered true colors.

## Sand Thru Sticks

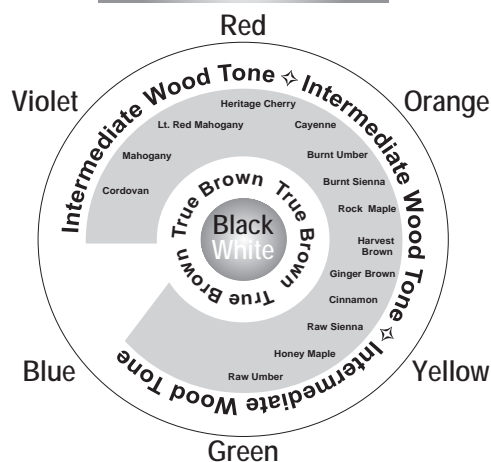

Sand Thru Sticks are used to add color to light edges or white edges due to sanding through a finish during the finishing process. This stick will not only add color but it can also fill in small imperfections on the edge. The Sand Thru Stick is very easy to use, simply rub the stick along the light edge to add color, blend the edge with a rag and then finish with your normal process.

- Hard wax square stick,
- Fill "small" defects in the edge
- Designed to be used off line or on line (hanging line)
- Quick and easy to use
- Can be used during or after your finishing process
- Must be top coated
- Custom colors available

### Blendal® Powder Stain (Pigment Type)

Extra fine ground touch-up pigment colors used for spot color replacement on all types of furniture, cabinets, plastics, leather, vinyl and in hundreds of other finishing applications. Best results are obtained when applied with Lacover® Padding Finish. Compatible with various other padding agents, "French Polish," lacquer, shellac, varnish, synthetic finishes and Graining Liquid. Apply with a "padding pad" or brush. Sold by volume measure.

## LIQUID TOUCH-UP

### Two Minute Touch-Up™ Brushing Liquid & Solvent

A brushing type clear liquid used with Blendal® Powder Stains for spot brush touch-up and coloring edges. Stays wet on the brush, dries in minutes on the repaired surface. A must in every finisher's kit for use in areas where the "padding" method is not practical. To lay the color flat without build up use with Two Minute Touch-Up™ Solvent. Available in quarts.

## PADDING FINISHES

### Finish-Up™ Polyurethane LOW VOC 380 g/l

A user friendly wipe on finish. Finish-Up™ Polyurethane can be applied over repairs such as Burn-Ins, Fil-Stik® Putty Stick fills, Blendal® Powders and Touch Up Markers to seal in the repair, leaving a durable protective finish. Can be applied over properly cleaned existing finishes to improve appearance and durability. Finish-Up™ Polyurethane adheres well to most types of lacquers, vinyl clads, high pressure laminates as well as many other substrates. Best of all, it is water based and has almost no odor. This feature makes Finish-Up™ Polyurethane the product of choice where aerosols and other solvent based touch up finishes are not appropriate.

- Easy wipe on application
- Quick drying
- Good flow characteristics
- Good durability

### Finish-Up™ Polyurethane - Continued

- Moisture & alcohol resistant
- Water clear
- Excellent adhesion
- Low VOC
- Will not lift other finishes
- Nonflammable

### Graining Liquid

Balanced clear liquid formula for applying grain or base color in spot repair work. Unlike regular "padding agents", Graining Liquid stays wet on the brush longer. This feature allows the user more time to complete a repair. Mix with Blendal® Powder colors on any non-absorbent surface.

Apply grain with style 149 or 50 brush.

M403-0004 4 oz.

M403-0006 Quart

### Wil Pro™ Padding Finish

The choice of the experts. One of our most popular French finishes. Super-fast dry. May be coated with lacquer immediately. Lowest build-up of any French finish on the market. The best finish for French polishing. Use with Blendal® Powder Stains. Excellent where clarity and minimum build-up are critical. Ready to use; no oil or additives are required. Very print resistant. Used for removing packing marks and mars on fine furniture. May be used on the very lightest of finishes with no discoloration. Formulated especially for the professional touch-up artist.

M405-2006 Quart

## PADDING FINISHES

### Lac French™ Padding Finish Light Amber

The yardstick by which all other French padding finishes are measured. Used by thousands of repair technicians for many years. May be coated with lacquer immediately. Lac French™ Padding Finish is a very light amber color, suitable for use on the lightest of finishes. Ready to use. No oil or any other additives required. A formula perfected over the years for just the right build-up. Dries harder than any other french padding finishes on the market. Use with Blendal® Powder Stains. For best results, use trace cloth for application.

M405-2506    Quart

### Rapid Pad® Padding Finish

Repairs packing marks or extensive scratches (where a whole surface needs repair) "French Polish" padding finish applied over an original finish for restoration, rejuvenation, protection and repair of surface finish defects. Formulated to flow freely while "padding" out an entire surface. Most recent formula improvements have increased durability, mar and blush resistance.

- RESTORATION - makes worn furniture look factory new again
- REJUVENATION - add new life to old finishes, antiques, etc.
- PROTECTION - new hard finish resists mar and abrasion
- FINISH DEFECTS - eliminates surface scratches and packing marks

M420-0006    Quart  
M420-0007    Gallon

### Lacover® Padding Finish

For spot refinishing. The most widely used "French Polish" padding finish in the world. Specially formulated for use with Mohawk Blendal® Powder Stains. Compatible with most known finishes. In one operation, the stain and finish can be replaced on worn or bare spots. Also recommended for leather and vinyl. "Highlight" effects can be created on wood, leather or vinyl materials with this method. Lacover® Padding Finish imparts new life to leather, prevents cracking and drying out. Available in two solids. The higher the solid, the less time consumed to build up the finish to complete the job.

M650-0036    Quart Amalgamator Solvent

## The Mohawk Architectural Finishing System

which is specifically formulated for applying stains and coatings on cabinetry, millwork, molding and other finishing projects that are applied to stationary structures in the field at job sites.

- ✓ Meets maximum VOC content for job site application anywhere in the U.S.A.
- ✓ Mohawk Finishing is registered with the EPA as a producer of architectural products.
- ✓ Complies with state recycling rules, as a member of PaintCare®

### DYE COLOR STAINS

#### Ultra® Penetrating NGR Dye Stain

A dye type stain that offers superior transparent qualities and excellent fade resistance found only in dye stains. Will not bleed into top coat finishes. May be sprayed directly on wood or mixed in lacquer for toning. Colors may be intermixed to create additional shades. Ultra® Penetrating NGR Stain offers the user the best combined characteristics of water, alcohol, or lacquer type dyes. 120 VOC compliant. *Custom color matching available.*

Low solids coating with maximum 120 g/l VOC of material

#### Dye Concentrates

Mohawk Dyes Concentrates are a solution of metal-complex dyes in a special solvent that offer the finisher many options for application. The Mohawk Dye Concentrates are designed to be let down with water for an economical, nonflammable stain or with alcohol and/or acetone for a fast drying, non-grain raising stain.

They can also be used as a toner or "shader" by adding directly to water-based and most solvent based finishes to create a customized finish.

Not for exterior use. Note: This product contains VOCs in excess of 750g/l. Please consult local finishing regulations to ensure proper VOCs are maintained.

## PIGMENT COLORED STAINS

### Wiping Wood™ Stain

Semi-transparent, pigmented, solvent-based stain. Non-grain raising, fade resistant. Easy stir, soft-settling formula. Only 30 minutes drying time is needed before a lacquer sealer coat can be sprayed. Apply by spray, brush or cloth. Pigmented Wiping Stains are easier to control because there's less lapping. An ideal uniforming stain when applied over dye stains prior to sealing. A dark color tone is easily lightened with Wood Stain Reducer S-15. This stain will never bleed through the finish. Virtually any finish can be applied over Wiping Wood™ Stain: lacquer, shellac, varnish, polyurethane, acrylics and many others. *Custom color matching available.*

### Wiping Wood™ Stain Aerosol

Pigment wiping stains that create beautiful, grain-enhancing, fade-resistant wood tones. They can be used as stand alone stains or in conjunction with our other products to create professional finishes with rich depth of color. Spills are out of the question with Wiping Wood™ Stain Aerosols. No stain dribbles down the side of the container while stirring, just shake the can. Apply by spraying the stain to the surface of the wood and using a brush or a cloth to spread the color. Net Wt. 13 oz.

### Wiping Stain Clear Base

Wiping Stain Clear Base has multiple uses:

- Use as a stain base to dilute the color of an MA240-series stain color without changing the way it works and dries or increasing the VOC's
- Use as a clear base and add colorants to make a custom stain color
- Use as a pre-stain conditioner to control stain color penetration and development

Wiping Stain Clear Base is:

- Short filled to allow user to add colorants to make custom colors
- EASY TO USE! Good open, working time.
- VOC compliant ANYWHERE IN THE COUNTRY for SHOP or ON SITE application!

## PIGMENT COLORED STAINS

### Wiping Stain

Mohawk Wiping Stains are perfect for any interior wooden surface and are available in 24 stock colors. Wiping Stains are ready to use, semi-transparent, pigment based stains that are fade resistant, easy to stir, soft settling formulas. Only one hour drying time is needed before a lacquer sealer coat can be sprayed. Wiping Stains are easy to control because there's less lapping and may be applied by spray, brush or cloth. Wiping Stains are an ideal uniforming stain when applied over dye stains. Virtually any finish can be applied over Wiping Stain, lacquer, shellac, varnish, polyurethane, acrylics and many others. Custom match colors available with 5 gallons per color minimum required.

- Max VOC 240 g/l
  - Low VOC oil based pigment wiping stain

### Finisher's Glaze™ Glazing Stain

A truly professional glaze in an aerosol. No lid to open. No messy stir stick. No spills. No messy applicator. Just shake and spray. This is a medium viscosity glaze formulated in the spirit of our Finisher's Glaze™ Glazing Stain to yield great workability, and yet the solvent system is so coatings compatible that you can topcoat within just minutes. The high pigment load assures the opacity you need for great coverage. Use this glaze for quick and easy touch-ups, finishing applications, refinishing, and expedient application on carvings and into corners. Net Wt. 13 oz.

### Break-A-Way™ Glaze

Mohawk's Break-A-Way™ Glaze is the perfect product to easily add heavy hang up and detail accent color to ornate fine woodworking or cabinetry. Break-A-Way™ Glaze is spray or foam brush applied over a sanded sealer or finish coat and then allowed to dry to a chalky, powdered state that is easily removed from unwanted areas using light pressure with a synthetic abrasive pad to the desired look that you are after. Break-A-Way™ Glaze must be topcoated with a clear finish of your choice. (Note: Allow to dry 1 hour after removing excess if topcoating with a waterborne finish.) Break-A-Way Glaze™ will help you create dramatic, clean accent lines on any shaped surface. Break-A-Way™ Glaze may also be intermixed to achieve custom colors. You may never want to wipe a glaze again after trying Break-A-Way™ Glaze.

- Spray applied (20 PSI)
- May be used under or over water borne finishes
- Superior hang and build compared to solvent glazes

## STAIN BASES & COLORANTS

### Radiant Stain Base

Mohawk's Radiant Stain Base allows for the addition of dyes and pigments to achieve custom colors like our M547 Radiant series of stains. The new formulation has special additives and solvent blends to keep the dyes in solution and minimize float, allowing for better color consistency. Radiant Stain Base may be tinted with Mohawk Xpert® Colorants and Mohawk Dye Concentrates and are short filled to accommodate up to 12 ounces of colorant per gallon. Max color load is up to 8 oz of M844 Xpert® Colorant, and 4 oz of M561 Dye Concentrate. This combination of pigments and dyes will allow most any color to be achieved in a rich vibrant tone.

M540-1027	116 oz.
M540-1028	580 oz.

### Xpert® Stain Base

Mohawk Xpert® Stain Bases are available in two formulas, medium solids and high solids to meet your custom color mixing needs. Xpert® Stain Bases may be tinted with Mohawk Xpert® Colorants, M844 series, and can accommodate up to 12 ounces per gallon (3 ounces per quart) to achieve custom color. Custom color blends of the Xpert® Stain Base are suitable for all interior wooden surfaces and may be sealed or topcoated with all Mohawk Professional Finishing System® (PFS) products. Note: Bases are short filled to accommodate colorant.

△WARNING: Cancer and Reproductive Harm - www.P65Warnings.ca.gov. Applies to product(s) below.

## STAIN BASES & COLORANTS

### Xpert® Stain Base - Continued

Medium Solids (for light to medium colors)

M540-1036 29 oz.

M540-1037 116 oz.

The following sizes are available as a custom item with a minimum order of 36 five gallon pails.

M540-1038 Medium Solids 580 oz.

M540-1058 High Solids 580 oz.

### Xpert® Toner Base

Mohawk Xpert® Toner Base is a spray on and no wipe, low solid, vinyl tint base that is used with Mohawk Xpert® Colorants (M844's series) to create custom, semi-transparent pigmented toner colors. Toners are commonly used under a wiping stain or glaze to help establish an even background color by blending the natural variation of interior wooden surfaces to a uniform color. It may be used as a stand alone color that offers better hiding and more even tone than dye stains.

- Do not exceed more than 12 ounces per gallon of total colorant
- Perfect for blending multi-species of wood to a uniform color
- Can be used to create "no wipe" type stain colors

⚠WARNING: Cancer and Reproductive Harm - www.P65Warnings.ca.gov. Applies to product(s) below.

M540-1077 116 oz.

### Seal & Stain™ Pre-Stain/ Clear Stain Base

Use as a pre-stain treatment on wooden surfaces to reduce blotchy areas in soft woods before staining. Sand wooden surface with 150 or 180 grit sandpaper.

Apply by spray, brush or rag liberally over entire surface and remove excess by wiping with a cloth. Allow Seal & Stain™ Pre-Stain/Clear Stain Base to dry 15-30 minutes before applying any M545 stain color. Best results are achieved if the stain is applied within 12 hours. Use as a clear stain base with colorants to mix custom colors. Up to 20% by volume of Mohawk M500 or HUL 844 tint colorants may be added to Seal & Stain™ Pre-Stain/Clear Stain Base to create custom stain colors. Seal & Stain™ Pre-Stain/Clear Stain Base may also be added to any M545 wiping stain to reduce color intensity. *Note: Bases are short filled to accommodate colorant.*

M545-0106 29 oz.

M545-0107 116 oz.

### Xpert® Colorants

Mohawk Xpert® Colorants are a professional line of colorants that can be added to the Mohawk Xpert® Stain Bases, stains, glazes and coatings products to create custom colors. The Xpert® Colorants are quality controlled and held to a strict color standard which means end users can expect repeatable results of their custom color formulations. Xpert® Colorants are available in 19 colors. Xpert® Colorants are also critical components of the Mohawk Xpert® Color Match System. 32 oz.

# STAIN BASES & COLORANTS

## STAIN BASES & COLORANTS

### Base Concentrate

#### Pigmented Stain Colorant

A finely ground pigment in a high viscosity liquid form, free of fillers and extenders.

Recommended for making Pigmented Wiping Stains, Glazing Stains, Shading Lacquer and Tinting Lacquers. This pigmented colorant will mix with lacquer thinner, lacquer, glaze, lacquer sealers and synthetic finishes. Not recommended for water reducible, shellac or alcohol based coatings. *Custom color matching available.*

#### Recommended Reducing Proportions:

- Wiping Stains: 20% Colorant and 80% Reducer S-15
- Glazing Stains: 20% Colorant and 80% Clear Glazing Liquid
- Shading & Tinting Lacquers: 1 to 3 oz. color per gallon of lacquer

## Finisher's Edge™ Solvents

### Acetone

A virgin quality Acetone that is VOC exempt solvent and is used for reducing and clean up for many types of stains and some coatings without increasing the VOC content of the product. End users should consult the manufacturer's label or test to insure solvent compatibility.

- Virgin quality, not reclaimed
- Fast dry, zero VOC

FE200-001-1 Gallon  
FE200-001-5 5 Gallon

### Lacquer Reducer

Lacquer Reducer 2255 is formulated with only the highest quality solvents. The special blend helps prevent orange peel and helps provide good flow out. Recommended for use with all Mohawk nitrocellulose, pre-catalyzed lacquer and post-catalyzed lacquer coatings.

- Enhance flow & atomization
- Reduce solids content to control build
- Special blend provides proper evaporation rate

ΔWARNING: Cancer and Reproductive Harm - www.P65Warnings.ca.gov. Applies to product(s) below.

FE200-002-1 Gallon  
FE200-002-5 5 Gallon

### Mineral Spirits

Petroleum distillate; used for reducing oil base color concentrates, stains, and varnishes.

ΔWARNING: Cancer and Reproductive Harm - www.P65Warnings.ca.gov. Applies to product(s) below.

FE200-003-1 Gallon  
FE200-003-5 5 Gallon

### Super Blush™ Retarder

Super Blush™ Retarder is a premium, very slow solvent for use where conditions of extreme high heat and humidity exist. This solvent used in small amounts will enhance the flow and leveling of all Mohawk nitrocellulose, pre-catalyzed lacquer and post-catalyzed lacquer coatings.

- Formulated for high heat and humid conditions
- Eliminate blushing
- Slowest retarding solvent available

FE200-006-1 Gallon

### Naphtha

Petroleum distillate; used for reducing paste wood fillers, and some stains. Provides a faster dry for products that offer a choice of Mineral Spirits or Naphtha as a solvent. Also used as a clean-up solvent.

ΔWARNING: Cancer and Reproductive Harm - www.P65Warnings.ca.gov. Applies to product(s) below.

FE200-007-1 Gallon  
FE200-007-5 5 Gallon

### No Blush™ Retarder

No Blush™ Retarder is a blend of slow evaporating solvents to be used with all Mohawk nitrocellulose, pre-catalyzed lacquer and post-catalyzed lacquer coatings. Small amounts may be added to correct most flow, blushing or leveling problems that are often seen during application in humid environments.

- Improves leveling
- Extends flash dry time
- Corrects common spray issue such as blushing, orange peel & overspray

ΔWARNING: Cancer and Reproductive Harm - www.P65Warnings.ca.gov. Applies to product(s) below.

FE200-002-1 Gallon

### Flash-Off™ Control Solvent

Flash-Off™ Control Solvent improves the flow of lacquers without substantially affecting the overall drying of the system. Only a few ounces of Flash-Off™ Control Solvent per gallon of lacquer are needed to eliminate over spray roughness in the finish.

- Improves system flow
- Eliminates over spray

ΔWARNING: Cancer and Reproductive Harm - www.P65Warnings.ca.gov. Applies to product(s) below.

FE200-014-1 Gallon

### Shellac Reducer

#### *A Denatured Alcohol Blend*

Shellac Reducer is used to thin or reduce shellac based products, cleans glass and other non-lacquered surfaces. Shellac Reducer may also be used to clean fine bristle brushes after using with shellac based products.

FE200-015-1 Gallon  
FE200-015-5 5 Gallon

### Wood Stain Reducer - S15

A balanced formulation of solvents which insures the proper application and drying of Mohawk's M545 Wiping Wood™ Stains, Universal Colors and Base Concentrate™ colorants.

ΔWARNING: Cancer and Reproductive Harm - www.P65Warnings.ca.gov. Applies to product(s) below.

FE200-017-1 Gallon

### Denatured Alcohol

Denatured Alcohol is used to thin or reduce shellac based products, cleans glass and other non-lacquered surfaces. Denatured Alcohol may also be used to clean fine bristle brushes after using with shellac based products.

FE200-018-1 Gallon  
FE200-018-5 5 Gallon

## Finisher's Edge™ Solvents

### Silicon Wash (Toluene)

Silicon Wash is an excellent afterwash for removers. The wash helps remove silicone residue caused by polishes and waxes. Also minimizes fisheye problems created from silicone.

FE200-016-1    Gallon

### Wash Thinner

Wash Thinner is a solvent blend that contains a high percentage of acetone. It is suitable for effectively cleaning spray guns, brushes and other finishing equipment.

FE200-004-1    Gallon

FE200-004-5    5 Gallon

### Butyl Acetate

Butyl Acetate is widely used in nitrocellulose based lacquers, readily dissolving the resin and imparting good flow properties. It is a urethane grade solvent and is widely used in 2-K polyurethane coatings to help balance flow and dry time.

FE200-005-1    Gallon

FE200-005-5    5 Gallon

### Xylene

Xylene can be used to thin specified oil-based paint, lacquer, varnish, epoxy, adhesives, anti-rust, porch & deck paints and synthetic enamels. Xylene will also remove certain adhesives, and is an excellent solvent for cleaning tools and equipment immediately after use.

FE200-009-1    Gallon

FE200-009-5    5 Gallon

### MEK

Methyl Ethyl Ketone (MEK) is a specialty thinner for epoxies, lacquers and adhesives, as well as polyester resins used in fiberglass repairs. MEK is slower drying than acetone and can also be used as an effective remover for ink, adhesives and contact cement.

FE200-010-1    Gallon

FE200-010-5    5 Gallon

### Wax Wash™ Remover

Removes wax, oil and foreign materials from most surfaces in one application. Prior to applying a new finish or spot repair, clean surface with Wax Wash™ Remover. The presence of oil, wax or foreign materials on a surface can retard drying of a new finish which can be avoided by cleaning with Wax Wash™ Remover. Benzene, Naphtha or Alcohol by themselves will not remove all foreign matter as well as this product. Ideal to use on furniture, woodwork and appliances prior to refinishing.

FE200-012-1    Gallon

### Conversion Varnish Reducer/Retarder

Conversion Varnish Reducer/Retarder is a blend of solvents that is specifically designed to lower viscosity and improve the flow of Mohawk Ultra® Clear Conversion Varnish or Mohawk Ultra® White Conversion Varnish coatings. Conversion Varnish Reducer/Retarder may also be used to flush spray guns and hoses.

FE200-011-1    Gallon

FE200-011-5    5 Gallon

## Finisher's Edge™ Putty

### Finisher's Edge™ Premium Wood Putty

Finisher's Edge™ Premium Wood Putty was developed with the Professional Wood Finisher in mind. Providing a fast, flawless and mess-free method to cover nail holes and imperfections in finished wood. The deep, rich colors were inspired by the popular trends in home & office décor, furniture and cabinetry. As a result, they perfectly match Mohawk's Premium Stains; along with a broad range of paint and stain colors. 3.75 oz.

## Finisher's Edge™ Wipes & Clothes

### Wet Scrubbing Wipes

A strong, textured wipe combined with an environmentally safe, citrus formula will remove even the most stubborn dirt, grease, tar, oil and coatings for any surface. Skin conditioners have been added, so it's safe and effective to clean hands and skin.

FE420-003-1    90 Sheet Bucket

FE420-003-6    Case of 6 Buckets

## Finisher's Edge™ Wipes & Clothes

### Tack Cloth

Premium 100% Cotton Tack Cloth is manufactured with the perfect amount of tack, as too much can cause invisible residue build up, and too little will cause your surface finish to contain unwanted contamination particles.

- Soft cloth mesh design allows for cleaning in corners, fine surface details and other hard to reach area
- Specially formulated compound leaves no residue

FE420-002-1 Tack Cloth - Cotton 18" X 36"

### Heavy Duty Wiping Cloths

Durable, fast-absorbing non-woven material blend provides for a cloth that can handle the toughest jobs, but soft and flexible enough so it won't scratch delicate surfaces or irritate your hands.

- Designed to rapidly absorb grease, oil, solvents and other chemicals
- Pop - Up Dispenser allows for efficient removal.
- Compatible with harsh solvents, degreasers and cleaners
- Low-Lint construction eliminates shredding and unwanted fiber strands

FE430-002-130 9" X 16.8" - 130 Pieces

### Lint Free Wipes

Lint Free Wipes are exceptionally clean, highly absorbent and lint free. Our wipes are perfect for polishing, cleaning and buffing wood, glass, leather, vinyl and plastics.

FE430-001-50 12" X 13" - 50 Pieces

### Cheese Cloth

Premium 100% Cotton Cheese Cloths are the professionals choice for coating applications including: staining, faux finishing, polishing and straining paints. Perfect for cleaning, dusting, waxing and culinary preparations.

- 100% Bleached cotton
- Lint free - highly absorbent fabric
- Machine washable & reusable

FE420-001-1 5 Yards

## Finisher's Edge™ Gloves

### Work Gloves

Professional Work Gloves are a rugged nylon glove with a PU coating to improve grip, durability and a resistance to cutting and tearing.

FE400-001-250 190 Micron - 250 Pack

### Spray Sock

100% Polyester Spray Socks are more breathable and stretchable than traditional cotton spray socks and feature a cooling, moisture wicking material, with 3 Way Stretch technology to provide a comfortable fit for ultimate protection of the head, neck and face.

FE310-001-1 Spray Sock - Polyester

## Clear Sealers

### Finisher's Choice™

#### Clear Lacquer Sealer

Finisher's Choice™ Clear Lacquer Sealer powders well when sanded with good holdout properties.

This product is ideal to use with Finisher's Choice™ Clear Lacquer on any production furniture or woodworking projects. No catalyst needed. Finisher's Choice™ Clear Lacquer Sealer is a ready to spray, high solids, low viscosity formula that enables users to achieve the best flow and build without reduction.

### Instrument Sealer

The Instrument Sealer is designed to complement Mohawk Classic Instrument and Piano Lacquers. This a single component sealer, no catalyst needed. It is an excellent choice for sealing instruments like guitars, pianos or any project that will be top coated with a nitrocellulose finish. While it is primarily designed as a system to go under the Piano or Classic Instrument Lacquers it may be used as a top coat where a matte sheen is desired. Instrument Sealer can be coated with any Mohawk nitrocellulose topcoat.

Excellent build, flexibility and sanding qualities

- Conventional VOC, nitrocellulose base
- Suitable as a matte top coat
- 19% solids by weight
- Ready to spray viscosity
- Reduce with Lacquer Reducer 2255, M650-010

## COLORED SEALERS

### Finisher's Choice™

#### White Sanding Sealer

Finisher's Choice™ White Sanding Sealer is a maximum 275 g/l VOC pigmented lacquer sanding sealer. This high quality white colored sanding sealer is used to seal off wood or MDF surfaces before applying colored or clear topcoats. Our unique formulation sprays on wet, dries fast, is easy to sand and has excellent hold out properties. It is a high solids formulation that helps you save time and money by getting the build you need with less application. 2 coats are adequate for hide and build. Topcoat with Finisher's Choice™ White Lacquer of desired sheen. Solids: 34%.

- Quick dry, excellent flow-out
- Excellent hide, excellent sanding properties

### Ultra® Clear Conversion Varnish (Post-Catalyzed)

Ultra® Clear Conversion Varnish provides the ultimate high-end professional interior finish performance and appearance. These products not only pass all of the KCMA Household Chemical tests, they exceed the requirements. Ultra® Clear Conversion Varnish is a post-catalyzed water white conversion varnish. When used with our Ultra® Clear Conversion Varnish Sealer or a self-sealed system, these topcoats produce a finish system of maximum durability, wear, and moisture resistance. They have good color retention properties and form a highly flexible film. A UV inhibitor is included to stabilize colors. These finishes can be sprayed with conventional, airless, HVLP, and air-assist airless equipment. Use Ultra® Clear Conversion Varnish wherever the ultimate in finish protection is desired, such as kitchen and bath cabinets, laboratory, dormitory, office furniture, and display fixtures. Low VOC. Must be catalyzed before use. Please see product directions for catalyzation rate. Ultra® Clear Conversion Varnishes are high solids-low viscosity formulas that enables users to achieve the best flow and build without reduction. Solids: 44%.

### AristoThane

2K Polyurethane AristoThane is a 2 part urethane system that is isocyanate and formaldehyde free. This high solids coating is a 585 VOC g/l formula for spray application. This low odor coating builds fast, resists yellowing and is designed as a self-sealing system over unstained, natural surfaces. The system includes a separate, catalyzed, Isolator/Sealer coat that is used over stained or glazed surfaces before applying AristoThane topcoats. The Isolator/Sealer is also an ISO and formaldehyde free product.

### Rockhard™ Table Top Urethane Varnish

Rockhard™ Table Top Urethane Varnish is the coating you need when you want a hard finish that will deliver maximum resistance to water, alcohol, food stains, chemicals, detergents, and other damaging liquids. This abrasion resistant finish is ideal for using on table tops as its name boldly proclaims. Its toughness also makes it suitable for a multitude of other uses like wooden chairs, benches, desks, dressers, chests of drawers, vanities, bookcases, and so many more. Sets free of dust in 4 hours. Use mineral spirits or paint thinner for clean-up. Quart.

## COLORED COATINGS

### Colored Lacquer

Mohawk Colored Lacquers are pigmented, nitrocellulose based coatings. They are fast drying with excellent flow, build and hiding characteristics. Colored Lacquers may be applied over a variety of interior wooden surfaces including furniture, molding and musical instruments. For best results apply over a freshly sanded E-Z Vinyl® Colored Sealer. Reduce with Mohawk Lacquer Reducer 2255. No catalyst needed. WARNING: Not recommended for use in high moisture areas such as kitchens and bathrooms. Custom color matching available. Minimum order is 5 gallons.

Solids: 31%.

### Finisher's Choice™ White Lacquer

Finisher's Choice™ White Lacquers are easy to use and the perfect choice for producing a high quality white finish. Nitrocellulose Lacquers are trusted and used in shops and on site finishing jobs around the world. Our unique maximum 275 g/l VOC formulation sprays on wet, flows out beautifully and is shipped at spray viscosity to help you save time and money. Typically 2 coats are sufficient. For best results use after applying Mohawk Finisher's Choice™ White Sanding Sealer to seal off the wood or MDF surface. Solids: 37%.

- Quick dry, easy to touch up
- Excellent flow out, ready to spray viscosity

### DuraCoat® II Post-Catalyzed White Lacquer

Same performance and quality as our DuraCoat® Pre-Catalyzed White Lacquer in a 275 VOC formulation! DuraCoat® II Post-Catalyzed White Lacquers are premium quality professional finishes for furniture, cabinets and millwork, which are very user friendly. DuraCoat® features high solids, moisture and mar resistance, good flexibility and are more durable than regular nitrocellulose lacquers. When used as a self-seal system or over our E-Z Vinyl® White Sealers. DuraCoat® II produces an exceptional finish system that passes KCMA testing. DuraCoat® II is also easy to mix. One bottle of the appropriate, pre-measured DuraCoat® II Catalyst (M612-301) is added to a single gallon or a 5 gallon pail. DuraCoat® II has a 6 month shelf life after the catalyst is added. Solids: 31%.

### Salad Bowl Finish - Clear

Salad Bowl Finish is specially formulated to allow for the following statement. "This product contains FDA regulated ingredients complying with 21 CFR 175.300." and therefore achieves a non-toxic, safe for food contact finish in its cured state. It has the application ease of an oil finish and the film building and sheen producing qualities of a varnish up to a satin. Wooden bowls, utensils, butcher blocks (not intended for cutting boards or cutting blocks) and recreational related objects (games, puzzles, pull toys) may be used in contact with food when finished with Salad Bowl Finish. To insure that materials coated with Salad Bowl Finish may be used in contact with food, follow label directions. 550 VOC Compliant.

## SPECIALTY COATINGS

### Exterior Door & Trim Varnish

A high solids exterior varnish recommended for the highest quality work. It is a copolymerization of several different resins and drying oils. It has outstanding gloss retention and durability. Mohawk Exterior Door and Trim Varnish contains an ultraviolet shield.

⚠WARNING: Cancer Harm - www.P65Warnings.ca.gov. Applies to product(s) below.

M603-5007    Gallon

### Tung Oil (Modified)

Mohawk Tung Oil (Modified) is a proprietary blend of non-break tung oil and propolymerized alkyd resin in a solvent system. Recognized as fast drying, hard, resistant to water, acid, alkali and mildew. One of the most durable of all natural oils. An ideal oil finish for new or stripped wood furniture. One coat achieves a low luster finish. Each additional coat increases gloss. Far superior to linseed oil, as finished wood will not darken with age. Tung Oil preserves the natural color of the wood. Surface scratches in a Tung Oil finish piece can be removed with steel wool and a small amount of Tung Oil. An occasional polishing with Mohawk's Lemon Oil Polish will preserve the beauty of the original finish.

⚠WARNING: Cancer Harm - www.P65Warnings.ca.gov. Applies to product(s) below.

M701-1596    Quart  
M701-1597    Gallon

### Danish Oil

Produces a natural oil finish fast, easy. Just wipe on, let penetrate and wipe dry. Polymerized wood finish, combines penetrating oils with resins to produce a natural oil finish on unfinished wood. One application seals and finishes wood. Never gums up in warm temperatures. Will not print and is nongreasy. Water spots, stains, burns and scratches are easily removed by buffing with 4/0 steel wool and Danish Oil. Natural.

M700-1507    Gallon  
M700-1508    5 Gallon

### Fingerboard Oil

Fingerboard Oil is ideal for preserving the feel and appearance of woods such as rosewood, ebony and similar woods used on stringed instrument fingerboards. Penetrates unfinished wood and dries hard. Does not become tacky when exposed to heat. As the original application wears, it can easily be repaired with additional applications of the oil.

⚠WARNING: Cancer and Reproductive Harm - www.P65Warnings.ca.gov. Applies to product(s) below.

M611-0001    4 oz.

### Woodturner's Finish

Specially formulated for "on lathe" application Woodturner's Finish ends the problem of finishing a round wooden surface. No more finishing runs, or unfinished or under finished surfaces. Woodturner's Finish is a ready to use, fast drying, padding finish, especially formulated to finish round wooden objects: spindles, lamp bases, pool cues, pens, etc.

M611-08885    Pint

### Pour-N-Wipe® Finish

An alternative to brush or spray finish application. A very versatile finish with applications in finishing, refinishing and restoration work. It imparts a satin sheen, protecting wood against alcohol and water staining and is very mar resistant.

- Wipes on as easily as furniture polish
- Provides a tough, alcohol resistant polyurethane finish
- Apply with a cloth or by a "squeegee" for large surfaces
- Pour-N-Wipe® finish is self sealing

M603-3016    Quart  
M603-3017    Gallon

### BoothCoat™ Spray Booth Protector

Mohawk's BoothCoat™ Spray Booth Protector helps keep your expensive spray booths clean and protects it from overspray build up. It eliminates dark work areas and makes clean up a breeze. A clean spray booth reduces the risks of loose debris landing on your work and improves safety conditions caused by years of caked on overspray build up. Apply by spraying on multiple light coats (3-4 recommended). It dries in minutes. When you are ready to clean up the spray booth simply peel the BoothCoat™ Protector off, dispose of in accordance to your local solid HAZMAT waste regulations and reapply.

M617-0017    Gallon

### Sizing Liquid

Sizing Liquid, clear in color, is specially prepared for all leaf requiring a quick size. Sizing Liquid is a quick drying size with a workable tack time of about four hours. Dry time can be made slower by adding a small amount of Boiled Linseed Oil. Net Wt. 16 oz.

⚠WARNING: Cancer Harm - www.P65Warnings.ca.gov. Applies to product(s) below.

M472-2215

## SPECIALTY COATINGS

### Leaf

Imported Metal Composition Leaf gives a striking and rich effect similar to Gold Leaf at a lower cost. Used in interior decorating, gilding, picture frames, furniture and art objects. Sizing Liquid is required for applying the leaf. Priced at 25 sheets per book.

M472-2200	Gold	(5 1/2" x 5 1/2")
M472-2201	Silver	(5 1/2" x 5 1/2")

## COATING REDUCERS

### Lacquer Reducer 2255

Lacquer Reducer 2255 is formulated with only the highest quality solvents. The special blend helps prevent orange peel and helps provide good flow out. Recommended for use with all Mohawk nitrocellulose, pre-catalyzed lacquer and post-catalyzed lacquer coatings.

- Enhance flow & atomization
- Reduce solids content to control build
- Special blend provides proper evaporation rate

⚠WARNING: Cancer and Reproductive Harm - www.P65Warnings.ca.gov. Applies to product(s) below.

M650-0106    Quart

### Blush Resistant Reducer

Blush Resistant Reducer is a premium, slow reducer that is formulated and designed for use when conditions of high heat or humidity are present. Blush Resistant Reducer will help to enhance the flow of all Mohawk nitrocellulose, pre-catalyzed lacquer and post-catalyzed lacquer coatings.

- Prevent blushing, enhance flow
- Improves gloss and leveling

## FLOW SOLVENTS & RETARDERS

### Shellac Reducer

#### A Denatured Alcohol Blend

Shellac Reducer is used to thin or reduce shellac based products, cleans glass and other non-lacquered surfaces. Shellac Reducer may also be used to clean fine bristle brushes after using with shellac based products.

M650-0056    Quart

## FLOW SOLVENTS & RETARDERS

### Retarder for Low VOC Coatings

Ideal for extending the flow out and open time of low VOC, solvent based coatings in high heat and humid environments.

Retarder for Low VOC Coatings is a VOC exempt solvent that will not affect the total VOC content of a product.

M612-1047    Gallon

Available Architectural Finishing System - Replace M with MA.

## WASH & CLEAN UP SOLVENT

### Clean-Up Solvent

Clean-Up Solvent is a reclaimed solvent that contains a high percentage of acetone. It is suitable for effectively cleaning spray guns, brushes and other finishing equipment. Due to the reclaimed nature of this product the solvent color and odor may vary slightly from batch to batch, which does not affect the product's performance.

- Effective equipment cleaning solvent
- <25 g/l VOC, economical cleaner

⚠WARNING: Cancer and Reproductive Harm - www.P65Warnings.ca.gov. Applies to product(s) below.

M650-9008	5 Gallon

## WATERBORNE SEALERS

### Waterborne White Sealer

Waterborne White Sealer is a water reducible, ultra low VOC, tintable, high solids, ready to spray white sealer that has excellent build and filling characteristics. Waterborne White Sealer may be topcoated with Mohawk's Waterborne Pre-Catalyzed Clear Lacquer or Waterborne Conversion Varnish to achieve any desired sheen. It is the perfect beginning to create white finishes for cabinets, millwork and MDF. Solids 57%.

- Does not contain formaldehyde, lead or phthalates
- Exceptional build and hiding qualities
- Promotes adhesion with waterborne pre & post catalyzed finishes

△WARNING: Cancer Harm - www.P65Warnings.ca.gov. Applies to product(s) below.

M640-1067 Gallon

## WATERBORNE CLEAR FINISHES

### Waterborne Pre-Catalyzed Lacquer

Mohawk's NEW Waterborne Pre-Catalyzed Lacquer is a freeze-thaw stable formula that is water reducible, self cross-linking, low VOC technology that has excellent color retention and is suitable for cabinet, millwork, furniture and other high traffic interior wooden surfaces. It passes all KCMA performance standards and can be used as a self sealing system. Formulated to meet production shop needs, it is an environmentally friendly alternative to comparable solvent base products. May be applied over any Mohawk stain. Allow oil type stains to dry a minimum of 1 hour for improved adhesion. Available in plastic containers, which resist rusting and improve shelf life. Solids: 35%.

- Water-clear product, will not change the color when applied over a color coat
- Improved flow and lay out on the surface due to having more open time
- Suitable for LEED® credits: EQ Credit 4.2 Low Emitting Materials - Paints & Coatings

### Waterborne Clear Finishes - Continued

- Contains no formaldehyde or isocyanate, low odor, water clean up
- Improved clarity, specifically with lower sheens

## WATERBORNE ADDITIVES

### Waterborne Bubble Breaker

Mohawk Waterborne Bubble Breaker is an additive for the Waterborne Pre-Catalyzed Lacquer, Wood Tone Sealer, and Waterborne Conversion Varnish. Bubble Breaker will eliminate small bubbles that could appear on the finished surface when spraying at high temperatures and high humidity. Begin by adding Bubble Breaker at 1 ounce per gallon. Do not exceed 3 ounces per gallon. Electric drill mixing equipment is preferred. If electric equipment is not available, mix very well for at least 3-4 minutes.

If Bubble Breaker is not incorporated well, fisheyes may appear. If this happens, simply continue to mix the product with the Bubble Breaker addition aggressively for another 3-4 minutes.

- Zero VOC, water clean up
- Contains no lead or formaldehyde
- Use with any Mohawk waterborne sealer or topcoat

M647-1105 Pint

*Available Architectural Finishing System - Replace M with MA.*

## MISCELLANEOUS

### Wet Mil Gauge

For measuring wet film thickness of lacquers, enamels, paints and many other wet coatings that are sprayed, dipped or brushed on a smooth surface. Total dry film thickness of entire system should not exceed 4 dry mil including sealers.

M900-1040

## RUBBING AGENTS

### Pumice Stone

Produces a soft luster. Use to produce a smooth finish after applying the final coat of lacquer or Varnish. Rub the entire surface with 4F Pumice Stone and Rub-Cut™ Oil. A soft luster finish will be the final result.

⚠️WARNING: Cancer Harm - www.P65Warnings.ca.gov.  
Applies to product(s) below.

M720-1202 2F, 1lbs.  
M720-1402 Fine 4F, 1lbs.  
M720-1404 Extra Fine 4F, 5lbs.

### Rotten Stone

Produces a hi-gloss finish. Extra fine powdered abrasive for achieving a mirror-like finish on various coatings. This material has extra fine cutting and smoothing properties. Excellent for high-gloss finishes. Applied with water or Rub Cut™ Oil. Often employed after a finish has been rubbed with Pumice Stone.

M720-1502 Net Wt. 1lbs.  
M720-1500 Net Wt. 5 lbs.

### Bril-Glow™ Mild Abrasive

Restores the new look to finished surfaces. Removes surface scratches. Restores the "new" look to coated surfaces which have become cloudy and lifeless. Applied as a polish and then buffed until the original true beauty of the finish is restored.

⚠️WARNING: Reproductive Harm - www.P65Warnings.ca.gov.  
Applies to product(s) below.

M770-1006 Quart

### Rub Cut™ Oil

Also known as Paraffin Oil. Designed as a rubbing agent for use with abrasive papers, Pumice Stone, etc. Rub Cut™ Oil speeds rubbing and leveling due to its formulation of fine chemical abrasives and cutting oils.

⚠️WARNING: Cancer and Reproductive Harm - www.P65Warnings.ca.gov.  
Applies to product(s) below.

M740-1007 Gallon

### Rubbing Compound

Level I (Low Sheen)

Semi-paste, fine abrasive compound for rubbing down lacquer, shellac and most other finishes. Removes minor surface imperfections and overspray on spot repairs. Use Neutral on white and light colored surfaces. Black is ideal for darker finishes. Use by hand or with buffer. Quart.

### Liquid Rubbing Compound (3-Step)

Level II (Medium to High Sheen)

#### STEP 1: Liquid Rubbing Compound

Used to remove overspray and wet sanding scratches on conventional and modern high tech finishes. Yields a high satin sheen. Use for hand or machine buffing.

#### STEP 2: Liquid Polishing Compound

Cleans and polishes while removing Step 1 Liquid Rubbing Compound scratches and swirl marks. Yields a medium gloss sheen. Use by hand or with machine buffers.

#### STEP 3: Liquid Finishing Compound

Removes swirl marks from Step 2 Liquid Polishing Compound and increases surface gloss. Leaves a "polished" look. Use by hand or with machine buffers.

# RUBBING AGENTS, ADHESIVES

## RUBBING AGENTS

### Poly-Buf™ Rubbing Compound

Level III (Super High Sheen) Compounds used after Step 3 Finishing Compounds to achieve the high gloss "wet look." Start with the medium grade for initially rubbing out a refinished surface. Use the fine grade for rubbing fine scratches, and the extra fine grade for extra fine scratches and increasing the gloss.

8 OZ.	GALLON	GRADE
M890-0014	M890-0017	Medium
M890-0044	M890-0047	Medium - Black
M890-0034	M890-0037	Extra - Fine

### Wool-Lube Rubbing Lubricant

Wool-Lube paste is a highly concentrated, multi-purpose, water reducible, non-abrasive rubbing and sanding lubricant. Wool-Lube is non-toxic and contains no silicones. Reduce with water as a lubricant with steel wool or abrasive pads for smoothing, removing packing marks and scratches from finished surfaces. Wool-Lube is an excellent sanding lubricant for use with wet/dry sandpapers. Does not interfere with the adhesion or drying of lacquer. Finishes rubbed with Wool-Lube and an abrasive can be recoated immediately after being wiped dry. Can be used with dry abrasive powders such as Pumice, Rotten Stone. Use of a sanding lubricant greatly extends the life of waterproof sandpapers.

M720-1357	Gallon

### Wool-Lube Rubbing Lubricant

Wool-Lube liquid can be used full strength or slightly reduced with water as a lubricant with steel wool or abrasive pads for smoothing, removing packing marks and scratches from finished surfaces. When reduced with water, Wool-Lube is an excellent sanding lubricant for use with wet/dry sandpapers. Does not interfere with the adhesion or drying of lacquer. Finishes rubbed with Wool-Lube and an abrasive can be recoated immediately after being wiped dry.

## ADHESIVES

### Super Grip™ Resin Glue

Cream colored, liquid, dries colorless. A ready-to-use, heavy duty, aliphatic resin adhesive of outstanding strength. Solvent resistant, heat resistant and impact resistant. Unharmed by repeated freezing and thawing. Super Grip™ Glue will bond a wide variety of materials, such as leather, imitation leather, high pressure laminates, cloth and certain rubber products, to themselves or to other materials (one of the materials must be porous so that moisture can leave the glue line). Used in furniture factories and industrial woodworking plants for heavy joint work, lamination, edge gluing and general assembly. Not waterproof.

M745-3404	8 oz.
M745-3406	Quart
M745-3407	Gallon

### Polyurethane Glue

Titebond® Polyurethane Glue is a breakthrough in adhesive technology. It is the only polyurethane glue to combine a long 20 minute working time with a short 45 minute clamp time. Offers superior wood-to-wood performance with excellent sandability and is unaffected by finishes. Ideal for metals, ceramics and most plastics. Ready to use.

M745-3105	Net Wt. 8 oz.

## ADHESIVES

### Loctite® Vinyl, Fabric & Plastic Adhesive

Loctite® Vinyl, Fabric & Plastic Flexible Adhesive is a clear liquid formulated for repairing and mending flexible plastics such as vinyl seats, cushions, tarps and outdoor gear. The adhesive is highly flexible to withstand bending and twisting. It dries to a transparent and waterproof bond. It will not yellow or go brittle with age.

- Bonds paper, glass, metal, ceramic, leather, wood, fabric rubber and some plastics
- Waterproof so it can be used for interior or exterior applications
- Dries clear for invisible repairs and eliminates unsightly tape or patches
- Remains flexible and will not brittle or yellow with age for long lasting repairs

M850-2035 1 oz.

### Aerosol Activator

The Aerosol Activator has been formulated so it can be used successfully in just about any situation you can think of. For best results, apply sparingly at a distance of about 11 inches from the target. Net Wt. 10 oz.

- Cures Instant Adhesive on white wood dents in about ten seconds or less without causing undue chlorois.
- Does not adversely affect finishes when gluing broken pieces and splinters on finished wood. It does not soften the finish or leave a telltale shiny spot.
- Effective when applied to one piece of wood, the glue is applied to another piece, and then the pieces are joined. The Activator will not prematurely cure the adhesive before it bonds the parts.
- Does not leave an oily residue.

⚠WARNING: Cancer and Reproductive Harm - www.P65Warnings.ca.gov. Applies to product(s) below.

M745-2012

### CA Glue Tips

Thin, needle-like plastic tube attaches to the tapered tip of the CA glue bottle. Allows dispensing of glue into cracks and joints. This easily replaceable tip helps avoid clogging of the main tip on the bottle. Fits Hot Stuff Instant Glue Only.

Package of 12.

M745-3550 Pro Tips Extension Applicators

### Precision Tips

Allows dispensing of glue into cracks and joints. For use with Mohawk adhesives 1 ounce and 2 ounce bottles. These do not fit Hot Stuff Instant Glue.

M745-1495 100/pk

### Industrial Grade Instant Adhesive Cyanoacrylate Glue

Industrial grade for maximum bonding strength. The thin version wicks into tight places where flowing into and under is essential. Medium and Heavy are for semi-smooth surfaces. Gel viscosity is for filling and bonding porous surfaces. Non-whitening activator accelerates curing time. De-Bonder removes unwanted or excess glue. Glue any combination of wood, naugahyde, plastic, veneers, cardboard, rubber, ceramics, leather or vinyl. No clamping, instant set.

- M745-3500 Starter Kit (1 each of: 1 oz. Hot Stuff Original, Gap Filling, and Ultra Gap Filling Glues; Hot Stuff NCF Quick Adhesive Activator Aerosol-6 oz.; 2 oz. Solvent; package of Tips.)

### Epoxy Glue - Liquid

This product retains all of the physical strengths of epoxy adhesives while offering the added advantage of quick setting, even in thin films and at low temperatures. It will bond steel, ceramics, copper, wood, and nearly all other types of materials including concrete. It is nonshrinking and will even harden under water. 12 Hour Cure is used where excessive stress and strain is a factor (furniture legs). Two part formula mixes 1 to 1.

#### 3-5 MINUTE WORK TIME - 12 HOUR CURE

- M745-2008 Part 1 - Net Weight: 9.8 oz/277g  
Part 2 - Net Weight: 9.4 oz/267g
- M745-2016 Part 1 - Net Weight: 19.5 oz/554g  
Part 2 - Net Weight: 18.9 oz/535g

#### 2 HOUR WORK TIME - 12 HOUR CURE

- M745-2001 Part 1 - Net Weight: 9.8 oz/277g  
Part 2 - Net Weight: 9.4 oz/267g

### Epoxy Adhesive

Two-part industrial grade adhesive which mixes in the dispensing unit tip. No mess, no measuring. Sets in 6 to 8 minutes. Clear and woodtone available. Wood tone can also be used as a filler. *NOTE: Mixing tips are not included with adhesive or gun and must be purchased separately.*

- M745-1431 Clear Adhesive - Net Weight: 2 oz/56.5g
- M745-1433 Dispensing Gun
- M745-1435 Epoxy Mixing Tips, 6", Pkg. of 12

### Epoxy Paste Adhesive

High quality epoxy adhesive in paste form. This product is designed as a general purpose rapid set adhesive. Provides excellent results. Heavy enough to use without sagging or dripping on vertical surfaces. Can be pre-mixed with Blendal® Powders to match the finish being repaired. This Epoxy Adhesive can handle the toughest projects including badly splintered wooden parts. Two part formula mixes 1 to 1.

- M745-2125 Part 1 - Net Weight: 19.5 oz/554g  
Part 2 - Net Weight: 18.7 oz/530g

### Spray Adhesive

Spray Adhesive offers a fast tack time, which enables general purpose bonding on a wide variety of substrates, high bond strength and may be used to create a temporary or permanent bond. It's unique formula prevents soak in of the adhesive on porous surfaces. Spray Adhesive does not contain methylene chloride and meets Federal and State VOC requirements. Net Wt. 10 oz.

M103-0195

### Ground Hide Glue

Ground Hide Glue is a finely ground powder that is mixed approximately 50/50 with hot water, and kept warm during use. Although this glue has a quick grab, it still allows you to reposition the piece for an extended period prior to setting. Ground Hide Glue is used extensively in wood veneering and the cabinet making industry.

- M745-4105 10.5 oz. 298g

## WOOD SWELLER

### Swel-Lock™

Actually swells wood for tightening loose chair rungs and mortise joints. It is not a glue or an adhesive.

M745-4000 4 oz.

## LUBRICANTS

### Slideez™ Lubricant

Lubricates wood, metal or plastic. Due to semi-paste consistency, lubrication will last much longer. Drawers, windows and doors work easier with an application of Slideez™ Lubricant. This product will not stain or cake up, and is non-flammable. Does not contain silicones.

M750-1203 - Net Wt. 4 oz.

M750-1205 - Net Wt. 16 oz.

### Silicone Dry Lubricant

Lubricates and prevents sticking of doors, drawers, locks, hinges, latches. Protects against corrosion and rust on tools, machinery, moving parts, conveyors, cutting blades. Prevents bunching and binding, speeds cutting, sewing and fabric flow in the textile industry. Unaffected by water, oil and most common solvents. Will not freeze, melt or flush off. Net Wt. 11.5 oz.

⚠️WARNING: Cancer and Reproductive Harm - www.P65Warnings.ca.gov. Applies to product(s) below.

M103-0177

### E-Z Slip™ Lubricant

Greaseless wood lubricant for drawers, doors, windows and any wood fixtures that tend to bind. Reduces friction, prevents wear, and helps to increase ease of moving parts.

Net Wt. 13 oz.

⚠️WARNING: Cancer and Reproductive Harm - www.P65Warnings.ca.gov. Applies to product(s) below.

M103-0477

## POLISHES

### Penthouse® Polish

Penthouse® Polish protects and preserves the natural beauty of all fine furniture. Excellent for use on all types of finishes on furniture, cabinets, doors, woodwork and paneling. Net Wt. 14 oz.

- Improved cleaning properties
- Better atomization, Improved fragrance
- Slightly different spray pattern
- Increased sheen

⚠️WARNING: Reproductive Harm - www.P65Warnings.ca.gov. Applies to product(s) below.

M107-0333

### Bristol® Cream Polish

Recommended polish for all finishes: furniture, vinyl, leather, enamel and porcelain. Cleans as it polishes, imparting a rich, clear patina finish. Wipes perfectly clean, completely free of oil residue. An occasional dusting with a cloth treated with Bristol® Cream Polish is all that is needed to insure lasting beauty. Does not contain silicones.

⚠️WARNING: Cancer and Reproductive Harm - www.P65Warnings.ca.gov. Applies to product(s) below.

M810-2004 8 oz.

M810-2005 16 oz.

M810-2007 Gallon

### Classic Care™ Polish

Cleans and polishes all types of furniture. Silicone free. Safe for all finishes. Net Wt. 14 oz.

- Improved cleaning properties
- Better atomization, improved fragrance
- Slightly different spray pattern
- Cleans and polishes without raising the sheen

⚠️WARNING: Cancer and Reproductive Harm - www.P65Warnings.ca.gov. Applies to product(s) below.

M107-0444

### Lemon Oil Polish

The best known of all furniture polishes. Light transparent yellow in color, excellent to use on all shades of furniture. Many finishers like this product as a rubbing lubricant. Oil finishes are maintained with Lemon

Oil Polish. Does not contain silicones. Ideal to use on dustcloths and mops to avoid dust becoming airborne and resettling.

⚠️WARNING: Cancer and Reproductive Harm - www.P65Warnings.ca.gov. Applies to product(s) below.

M820-2004 8 oz.

M820-2005 16 oz.

M820-2007 Gallon

M107-0466 Net Wt. 12 oz.

### OZ® Polish

The "all in one" furniture cream polish. The easiest one step operation in the business. Does more, goes further. Cleans, polishes, and protects in one operation. May be used on any smooth surface furniture, marble, tile, refrigerators, cabinets, chrome, fixtures - you name it! Non-flammable, nonabrasive, greaseless, quick drying and contains no silicones.

- Antistatic agent for less dusting, lower VOC
- Ultraviolet light absorber to protect the color of the wood
- Lemon scent for a fresh, clean fragrance
- Extended evaporation rate meaning larger pieces can be polished with greater ease

M860-0005 Pint

M860-0006 Quart

M860-0007 Gallon

M107-0860 Aerosol - Net Wt. 13 oz.

## POLISHES

### Scratch & Mar Resister Polish

Mohawk Scratch & Mar Resister Polish is designed to make finished wood surfaces more resistant to scratches and marring than an untreated surface by adding surface lubrication. Mohawk Scratch & Mar Resister Polish reduces printing of the surface, packing marks and will not affect the finish sheen.

- M811-0003 Clear - 4 oz.
- M811-0005 Clear - 16 oz.
- M811-0007 Clear - Gallon
- M811-0015 Tinted - 16 oz.

### Wood Turner's Friction Polish

Mohawk's Wood Turner's Friction Polish is commonly applied to natural wood turnings and creates sheen by quickly and easily burnishing or polishing the natural wood to high gloss lusters. Net Wt. 8 oz.

M810-3004

### Plastic Polish

Mohawk's new Plastic Polish is used for plastic-type substrates typically used to create pens and other projects on a lathe. The best way to polish plastics. Net Wt. 8 oz.

M810-4004

## WAXES

### Paste Wax-Blue Label

With carnauba waxes for furniture & floors. Water resistant and long lasting. Unsurpassed for use on all wooden surfaces. Can be hand or machine buffed for a high luster. Net Wt. 1 lb.

- M860-12435 Natural
- M860-12455 Brown

### Tone Finish Furniture Wax with Oil of Lemon

Mohawk Tone Finish Fine Furniture Wax polishes, protects and preserves the natural beauty on all fine furniture from antiques to modern. Tone Finish Wax is formulated with rich hard waxes blended with oil of lemon. Also excellent for paneling and woodwork. Net Wt. 13 oz.

△WARNING: Reproductive Harm - www.P65Warnings.ca.gov. Applies to product(s) below.

M107-0200

## SCRATCH REMOVERS

### Scratch-Off™ for Dark Finishes

Recommended for all shades of walnut and mahogany furniture. Ideal for the delivery person and home owner. Colors and blends in all minor surface scratches.

△WARNING: Cancer and Reproductive Harm - www.P65Warnings.ca.gov. Applies to product(s) below.

- M840-2004 8 oz.
- M840-2005 16 oz.
- M840-2007 Gallon

### Scratch-Off™ for Light Finishes

Covers scratches on all Maple, Pine, Oak, Ash and similar light colored woods. Fingernail scratches seem to disappear right before your eyes.

△WARNING: Cancer and Reproductive Harm - www.P65Warnings.ca.gov. Applies to product(s) below.

- M840-4004 8 oz.
- M840-4005 16 oz.
- M840-4007 Gallon

### Scratch-Off™

Hide scratches and minor imperfections as you polish. Use on new or used furniture, woodwork, doors and paneling. Often used by manufacturers to hide residue in carvings after rubbing. Adds value. Net Wt. 13 oz.

△WARNING: Cancer and Reproductive Harm - www.P65Warnings.ca.gov. Applies to product(s) below.

- M107-0320 Natural
- M107-0321 Golden Oak
- M107-0381 Mahogany

## CLEANERS

### Cabinet & Furniture Cleaner

The Cabinet & Furniture Cleaner is an excellent overall cleaner for cabinetry and furniture. Cabinet & Furniture Cleaner can be used to clean light to moderate dirt and will not affect the finish. Cabinet & Furniture Cleaner is concentrated and must be diluted at a ratio of 4 ounces per 1 gallon of water. Net Wt. 8 oz. For a complete maintenance system see the Cabinet Care Kit on page 75.

M840-5004

### Crystal & Glass Cleaner

Windows, mirrors, and crystal remain clean longer. Dries crystal clear in seconds without leaving a dirt catching film. Also used for cleaning refrigerators, stoves, chrome and other appliances. Net Wt. 15 oz.

△WARNING: Cancer and Reproductive Harm - www.P65Warnings.ca.gov. Applies to product(s) below.

M107-0485

## CLEANERS

### Furniture Wash

Removes dirt, dust, fingerprint marks. Maintains the original sheen of the finish. Ideal for preparing furniture for delivery to the showroom or home. Dries crystal clean without oily residue. Recommended for all shades of furniture.

⚠️WARNING: Cancer and Reproductive Harm - [www.P65Warnings.ca.gov](http://www.P65Warnings.ca.gov). Applies to product(s) below.

M712-1757    Gallon

### Furniture Cleaner & Restorer

Maintains the original new look of oiled, walnut, teak and rosewood furniture. Instantly restores color as it cleans. Hides scratches. Net Wt. 11.8 oz.

⚠️WARNING: Cancer and Reproductive Harm - [www.P65Warnings.ca.gov](http://www.P65Warnings.ca.gov). Applies to product(s) below.

M107-0179

### Plush™ Furniture Cleaner & Restorer

Cleans and maintains the original sheen of a finish. Helps to prevent printing and dries completely free of oily residue. Recommended as a general prep cleaner and preservative for all finished surfaces. Does not contain silicones.

⚠️WARNING: Cancer and Reproductive Harm - [www.P65Warnings.ca.gov](http://www.P65Warnings.ca.gov). Applies to product(s) below.

M830-2004    8 oz  
M830-2005    16 oz.

## SURFACE PREP

### Quick Clean

A combination of solvents that removes unwanted foreign materials from most surfaces prior to applying a new finish or repair work of finished surfaces. Quick Clean is ideal for cabinets, furniture, appliances, woodwork, and other finished surfaces. Net Wt. 13 oz.

- Dries quickly, non-greasy formula, low odor
- Remove unwanted glaze during the glazing process
- Remove labels and glue from most surfaces
- Clean and prepare finished surfaces prior to applying an additional finish coat

⚠️WARNING: Cancer and Reproductive Harm - [www.P65Warnings.ca.gov](http://www.P65Warnings.ca.gov). Applies to product(s) below.

M107-3012

### Wax Wash™ Remover

Removes wax, oil and foreign materials from most surfaces in one application. Prior to applying a new finish or spot repair, clean surface with Wax Wash™ Remover.

The presence of oil, wax or foreign materials on a surface can retard drying of a new finish which can be avoided by cleaning with Wax Wash™ Remover. Benzene, Naphtha or Alcohol by themselves will not remove all foreign matter as well as this product. Ideal to use on furniture, woodwork and appliances prior to refinishing.

⚠️WARNING: Cancer and Reproductive Harm - [www.P65Warnings.ca.gov](http://www.P65Warnings.ca.gov). Applies to product(s) below.

M712-1906    Quart  
M107-0190    Aerosol

### Stripper Wash

The best product for removal of wax residue left by furniture strippers. Prepares the stripped surface for proper refinishing. Effective and easy to use.

M710-2007    Gallon

## UPHOLSTERY CLEANERS

### Vinyl/Plastic & Leather Cleaner

Easily cleans vinyl upholstery, rubber, enamel, ceramics and chrome appliances. Not only cleans but also provides a protective film for subsequent recleaning. Also recommended for vinyl auto tops and upholstery. Net Wt. 16 oz.

M107-0479

### Upholstery/Fabric Cleaner

Cleans grease, ink, crayon, red drinks, lipstick, cosmetics, iodine, blood, sunblock, shoe polish and much more. This product can be used to remove stains on washable textiles and carpeting. 32 oz. trigger spray.

- No Bleach

⚠️WARNING: Cancer and Reproductive Harm - [www.P65Warnings.ca.gov](http://www.P65Warnings.ca.gov). Applies to product(s) below.

M103-3001

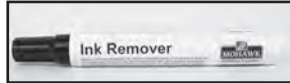

## UPHOLSTERY CLEANERS

### Ink Remover

Removes ball point pen ink from vinyl upholstery, polyester, cotton and wool fabrics. Will not hurt materials. Just dab on and blot off with clean cloth when ink is dissolved. If finish is removed, use Mohawk's Clear Vinyl Spray Finish.

⚠WARNING: Reproductive Harm - www.P65Warnings.ca.gov. Applies to product(s) below.

M874-0001

### Spot Cleaning Gun

Mohawk's Spot Cleaning Gun is of compact size and weight, which is so important with continuous daily use. It is made to fastidious specifications. This ultra-high quality airless electric gun pumps a spray of cleaning fluid powerful enough to quickly remove textile related stains such as grease, oil, make-up and screen printing inks. This gun will also remove flock lettering and transfers from any type of fabric, without leaving rings even on delicate silks and satins.

- Lightweight, easy to handle
- Virtually indestructible, maintenance free

M775-1000 Spot Cleaning Gun

### Spot Remover

Mohawk Spot Remover is designed to easily remove oil and grease stains without harming delicate fibers. Spot Remover does not contain any chlorinated solvents. Spot Remover has a low odor, will not "ring" and dries quickly. Use on silk, satin, cotton, wool, taffeta, polyester, blends and all other fabrics. Net Wt. 10 oz.

- Spray on, let dry, brush off
- NOT designed for water and acid-based stains

M107-0505

## WOOD FLOOR SYSTEM

### Hydro Cleaner Wood Floor Cleaner

Hydro Cleaner Wood Floor Cleaner is a ready-to-use, environmentally friendly cleaner and wax remover for sealed laminate and hardwood floors. Hydro Cleaner should be applied by spraying a light mist of product over a 6 ft. x 6 ft. section (or smaller) of floor. After a short time, remove the product by working with a very light floor abrasive pad or a floor mop. For best results, rinse with clear water afterward. Heel marks and heavier dirt marks can be removed with a cloth soaked with Hydro Cleaner.

M730-30006 Quart

### Hydro Care Wood Floor Protector

Hydro Care Wood Floor Protector is a water-based, environmentally friendly, wax maintenance product that can be used on all types of wood. Hydro Care should be applied in very thin coats and is intended to even up (refresh) the appearance in the traffic areas of the floor while providing a thin, soil resistant protective coating.

M730-30016 Quart

### KCCP Disinfectant

KCCP is a sanitizer that been approved by the EPA to effectively kill human coronavirus. This product is registered for use as a sanitizer, fungicide, virucide, and deodorant for home, hospital, and industrial use. We are now able to sell this product through the Wood Finishes Group. This is a water-based product that is very safe to use and highly effective.

KCCP features and benefits:

- Safe to use on ALL surfaces
  - No wipe/rinse

## MOHAWK Professional Leather System

Identifying different types of leather finishes and determining what touch-up and repair products are suited for each can be a difficult task. To make it easy, all Professional Leather System products are coded to help you choose the correct products. Below you'll find simple descriptions of different kinds of leather, and their corresponding Codes. All products on the following pages are coded to make it easy to match leathers with the appropriate products.

### **Aniline (also called Natural) (A)**

The surface of this leather has been colored with transparent dyes. This transparency is similar to looking at a piece of stained wood, whereas the grain stays natural and visibly distinguishable. Aniline leather will have imperfections and differences, just as fingerprints are different for each individual. This difference is nature's signature and assurance that every hide is one of a kind. These leathers have minimal surface protection and thus tend to show the effects of usage such as wear, scratches, UV exposure, etc.

To maintain the natural beauty of aniline leather it is mandatory to establish a routine of cleaning and protection. Leather Protector should be applied right at the beginning of usage. Cleaning and protection should then be done every six months, even more often on high traffic areas.

### **Semi-Aniline (A)**

This leather is covered with a lightly pigmented coating on which transparent and brilliant colors are oversprayed to reconstruct the natural appearance of the leather. Since the coating is thin, it offers only minimal protection, so an application of Leather Protector is recommended.

### **Pigmented or Top Coated (P)**

This is the most widely used finishing technique. The finish consists of an opaque basecoat of pigmented resins followed by a protective topcoat. The natural color of the leather is completely covered. Therefore, pigmented leather can be identified by its uniform color. It is ideal for high use items like furniture or automotive seats, especially when you want your kids to use them "trouble-free". With the aid of Mohawk Professional Leather Care products, these leathers are easily maintained. If restoration is necessary, full re-coloring is possible

### **Pull Up (X)**

Fashions come and go, but waxy and oiled leathers are here to stay. These two related types of leather are called "pull up," a phrase originally used to describe the effect on a type of leather also known as "Timberland" after that well-known footwear producer made this type of article famous. These leathers lighten when stretched, bent or "pulled up." They are categorized as natural because they do not have a thick topcoat.

### **Nubuck (N)**

This leather is actually aniline leather that has been sanded to give it a fine, velvety surface. It should not be confused with suede, which is the flesh side of leather. The look and feel of nubuck leather is incomparable for low use applications where elegance is desired. To properly care for nubuck, it is important to adhere to a routine of cleaning followed by protection. This regimen should begin as soon as the piece is put into use and continued at regular intervals throughout the life of the piece. MOHAWK has specific products for the care and preservation of nubuck leather. It is important to use these specialized Nubuck products on Nubuck leathers.

### **Bycast (B)**

This is a completely different system of finishing or enhancing leather (usually split leather or heavily buffed leather). It maintains a very consistent thickness and softness over the entire area of the leather, not only on any given hide but from hide to hide as well. The technique consists of creating the finishing film on a continual support of release paper. An adhesive is applied to the film, and then the film is pressed on the leather. The finished leather is then removed from the release paper displaying a perfectly uniform surface. Often, when stretching bycast leather, you can see a lighter color that reverts back to the original color once the pressure is released. This is sometimes used to identify bycast leathers.

# PROFESSIONAL LEATHER SYSTEM

## LEATHER CARE

### Leather Cleaner II

Mohawk's Leather Cleaner II is a mild water-based solution gently and effectively cleans leather surfaces from common household stains. It is pH balanced for leather and formulated for enhanced leather cleaning capabilities. Safe for all top coated and aniline type leathers. Not recommended for use on unfinished leathers like suede or nubuck.  
M850-10024 8 oz.

### Microfiber Cleaner

Microfiber Cleaner is a totally solvent-free cleaner for delicately and efficiently removing dirt and water-based or greasy stains from microfiber.  
M850-10054 8 oz.

### Leather Clean and Renew (A,B,P,X)

Leather Clean and Renew wipes safely clean and condition pigmented (top-coated) leathers. Use Leather Clean and Renew periodically to keep your leather clean, leaving a pleasant and renewed feel. Apply once a week for maximum efficiency. Comes in a handy dispenser.  
M850-1019 40 Sheets

### Nubuck Reviving Sponge (N)

Nubuck Reviving Sponge is a dry sponge for bringing back the typical velvet (writing) effect of nubuck and suede leathers.  
M870-9202

### Leather Protector (A,P)

Leather Protector is a highly advanced product designed to assist leather in repelling water, oil, and alcohol based stains. It is perfectly suited for natural grained leathers because it doesn't change the feel or the color of even these sensitive leathers while adding stain resistance. For topcoated leathers, the application of Leather Protector will ease the removal of difficult stains like ink, lipstick, mustard, newspaper print, and blue jean transfer. Leather Protector forms a transparent, breathable barrier that will improve stain resistance and efficiency of cleaning.  
M850-10064 8 oz.

### Leather Protector Wipes

Quickly and easily apply an invisible barrier on leather surfaces and furniture to help repel oil, alcohol, protein and water based stains. Helps prevent skin oils and acids from damaging leather surfaces over time. Should be used in combination with Mohawk's Leather Cleaner.  
M850-10069 40 Sheets

*Discontinued - Available while supplies last*

### Leather Revive (A,B,P,X)

Leather Revive is a highly advanced product designed to revitalize Aniline, Bycast, Pigmented and Pull-Up leather that has become dried out, stiff or is squeaky. Leather Revive will renew and restore pull-up effect leathers and improve scratches caused by fingernail marks, scuffing, etc. Apply Leather Revive and when dry, apply Leather Protector to renew protection level.

⚠WARNING: Cancer and Reproductive Harm - www.P65Warnings.ca.gov. Applies to product(s) below.

M850-10074 8 oz.

## LEATHER REPAIR

### Ink Remover (P)

Ink Remover is a product specifically made to remove recent ink marks or lipstick stains from top coated leathers or vinyl surfaces. "Recent" is defined as 3-5 days. Permanent markers contain solvents to increase the penetration of the dye and will not likely be removed.  
M850-2015 1 oz. Stick

### Leather Degreaser (A,N,P)

Leather Degreaser effectively removes accumulated or saturated oil stains from leather. Over time, hair or skin oils can absorb into the leather and leave a stain. This often appears as a darkening effect in the contact areas. Leather Degreaser is formulated to penetrate into the leather, absorb the stain, and lift it into an easily manageable powder.  
M850-2018 13.5 oz.

*Discontinued - Available while supplies last*

### Scratch Remover (A,X)

Scratch Remover is a simple solution for healing and blending surface scratches or rubs on natural leathers. It helps restore the surface color as well as blend the damage. It is very effective on fingernail scratches in aniline leather. For some leathers, Mohawk Leather Revive may provide the best solution. Scratch Remover is not intended for pigmented or nubuck leathers.  
M850-2060 .50 oz.

## LEATHER REPAIR

### Deep Cleaner (P)

Deep Cleaner is a very strong cleaner for topcoated (pigmented) leathers. It performs a powerful cleaning action by removing all types of stains, including oily and greasy stains. It is very effective on newspaper, denim dye transfer, and dye transfers in general.

△WARNING: Cancer Harm - www.P65Warnings.ca.gov. Applies to product(s) below.

M850-20164 8 oz.°

°Discontinued - Available while supplies last

### Repairing Paste (P)

Repairing Paste is a flexible adhesive that has enough body to fill as well as adhere damaged areas, particularly surface abrasions. It is especially effective where the leather has several small cuts that are raised like "scales." After drying, it is flexible and difficult to detect. For deep cuts, use Mohawk Leather Glue.

M850-2034 2 oz.

### Leather Glue Water Based (A,B,P)

Leather Glue is a flexible, strong adhesive formulated specifically for repairing flaps, abrasions, and minor cuts. It can also be used to repair larger cuts in conjunction with the Woven Fiberglass Fabric. Refer to page 71 for the Woven Fiberglass Fabric.

M850-2033 .50 oz.

### Leather Repair Glue

Leather Repair Glue is an adhesive for repairing flaps, abrasions and minor cuts. Add leather color or topcoat to assure the durability of repair.

M850-2038 .50 oz.

### Mender (P)

Mender is used to repair scratches and abrasions on pigmented leathers from which the finish has been removed. Use a spatula to fill cracks and scratches with Mender. (Mender can be colored with a maximum 10% addition of Touch Up Pigment.)

M850-2037 2 oz.

### E-Z Flow™ Leather Markers

E-Z Flow™ Leather Markers are water-based and offer breakthrough technology in the design of a new valve and applicator system. Just a couple of pushes on the valve, and the marker is ready to use. The sponge applicator flows effortlessly

### E-Z Flow™ Leather Markers - Continued

to spread color evenly every time, no matter how large or small of a spot is being restored. The color lays flat, with no ridges between the rows, blending seamlessly with the surrounding area. The screw-on top provides an air-tight seal so the applicator stay wet and ready for your next repair.

### Leather/Vinyl Markers (P)

Touch up leather and vinyl defects instantly! You can seal, stain and finish in one easy operation. Leather/Vinyl Markers are ideal for edge and scratch coloring.

They are valve activated for smooth flow of color and offer superior adhesion on both leather and vinyl. Leather/Vinyl Markers may be used one over another to help achieve your color match.

### Leather Repair Aerosol System

The Leather Repair Aerosol System contains aerosols used to color over damages on pigmented leather (also known as top coated) where there is color loss or the leather has been repaired. The aerosols are designed to enable you to match most of the leather furniture that is popular today. They are especially effective at repairing two-tone finishes which are otherwise so difficult to match. The system includes Basecoats for matching background colors, Toners to add color over the Basecoats and to apply the stippled effect in two-tones, Color Adjusters for fine-tuning the color of the repair, and Leather/Vinyl Finish™ to adjust the sheen. Want to see the system in action?

Go to <http://www.youtube.com/watch?v=1boQhuGBQes> to view a training video on YouTube.

⚠WARNING: Cancer and Reproductive Harm - www.P65Warnings.ca.gov. Applies to product(s) below.

#### M109-0024

##### Contents:

Leather Repair Basecoats - Coppertone, Light Tan, Warm Brown, Burnt Umber, Cool Brown, Burgundy, Black, White, Beige, Medium Brown, Red, Kinsey Dark Brown, Light Grey, Charcoal Grey, Leather Repair Color Adjusters - Orange Brown, Red, Yellow, Blue, Green, White, Black  
Leather Repair Toners - Warm Brown, Cool Van Dyke Brown, Black

### Leather Repair Basecoat (P)

Leather Repair Basecoat aerosols are opaque, pigmented finishes that are formulated specifically for use on pigmented leather and vinyl. They are used to hide repairs such as cuts and scrapes where color is lost or the color has been adversely affected by the repair. They are also used to hide fillers like L/V Repair Heat Cure Compound and Mender. Basecoats are available in 18 colors that target the most popular leathers used on furniture today. Pick the color that is closest or slightly lighter and then use the other Leather Repair aerosols to complete the color match. Net Wt. 13 oz.

- For use on pigmented leather (also called top coated leather) and vinyl
- Not for use on aniline, pull up, nubuck, or suede leathers
- Used to begin the coloring process over damage
- Highly opaque for fast coverage
- Formulated for flexibility
- Creates a long-wearing finish
- Fade resistant, fast drying
- See usage at <http://www.youtube.com/watch?v=1boQhuGBQes>

M109-3196	Beige B/C
M109-3521	Cognac B/C
M120-3000	Replacement Spray Head for Leather Repair Basecoat

### Leather Repair Toner (P)

Leather Repair Toner aerosols are translucent finishes that are formulated specifically for use on pigmented leather and vinyl. They are used to bring the color of the Basecoat aerosols closer to the color of the leather or vinyl, similar to the way wood toners are used to blend wood colors. Most of the time, the toning process will darken the color of the Basecoats. Also, applying Leather Repair Toners in short bursts will create the stipple effect present in two-tone leathers. Net Wt. 13 oz.

- For use on pigmented leather (also called top coated leather) and vinyl
- Not for use on aniline, pull up, nubuck, or suede leathers
- Use to alter the tone and shade of the Basecoat aerosols (generally to darken) to bring the color closer to the leather or vinyl
- Translucent color
- Use to create stipple effect of two-tone leather
- Formulated for flexibility
- Creates a long-wearing finish
- Fade resistant, fast drying

### Leather Repair Color Adjuster (P)

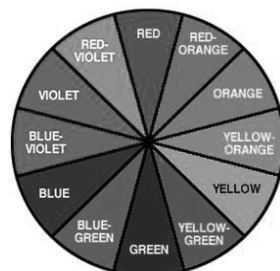

Leather Repair Color Adjuster aerosols apply transparent color to pigmented leather and vinyl. They are used to fine-tune the color of leather repairs on which Leather Repair Basecoat and Leather Repair Toner aerosols have already been applied. They can be used immediately after the Basecoat to bring the hue in closer accord to the color of the leather. They can also be used after the application of the Toners to make an adjustment. The principles of color theory should be observed in choosing which Color Repair Adjuster(s) should be applied. Clear Leather/Vinyl Finish™ aerosols are used at the end of a repair to adjust the sheen and offer greater protection. Net Wt. 13 oz.

- For use on pigmented leather (also called top coated leather) and vinyl
- Not for use on aniline, pull up, nubuck, or suede leathers
- Use to alter the hue of the Basecoat and Toner aerosols to adjust the color closer to the leather or vinyl
- Transparent color, formulated for flexibility
- Creates a long-wearing finish
- Fade resistant, fast drying
- See usage at <http://www.youtube.com/watch?v=1boQhuGBOes>

⚠WARNING: Cancer and Reproductive Harm - www.P65Warnings.ca.gov. Applies to product(s) below.

M109-4001	Orange Brown
M109-4002	Red
M109-4003	Yellow
M109-4004	Blue
M109-4005	Green
M109-4006	White
M109-4007	Black

Opposing colors denote complementary colors, which neutralize each other. If a repair is too strong in a color, apply its complement with a Color Adjuster to correct the hue.

# PROFESSIONAL LEATHER SYSTEM

## LEATHER REPAIR

### Leather/Vinyl Finish™ (P)

A flexible and durable coating used to protect and blend in spot repairs on leather and vinyl. The clears are principally used after applying color with Leather Repair Basecoat, Leather Repair Toner and Leather Repair Color Adjuster aerosols. Net Wt. 13 oz.

### Vinyl/Plastic & Leather Cleaner

Easily cleans vinyl upholstery, rubber, enamel, ceramics and chrome appliances. Not only cleans but also provides a protective film for subsequent recleaning. Also recommended for vinyl auto tops and upholstery. Net Wt. 16 oz.

M107-0479

### Touch Up Pigment

Touch Up Pigment is a single step product that combines fixation, adhesion, light filling properties, pigment, and topcoat all in one easy to use product. It exhibits high performance specs for dry rubbing, wet rubbing, and flexibility. It is the final step in covering repairs on pigmented leathers with color and/or sheen adjustment. Most often, it is used over a damaged area that has been repaired with Mohawk Leather Glue Water Based or Repairing Paste.

- M870-6001 Catalyst .5 oz.

## LEATHER REPAIR

### L/V Repair Heat Cure Compound

Cured with Heat Iron, Heat Gun or Cordless Burn-in Knife to produce a permanent flexible bond with the surrounding leather or vinyl. Grain can be reproduced either with Grain Paper or Grain Mold Compound. When properly prepared and applied, repairs become invisible. The Compound Tool M870-9200 (page 91) can be used to apply the L/V Repair Heat Cure Compound.

△WARNING: Cancer Harm - www.P65Warnings.ca.gov. Applies to product(s) below.

M872-6802 2 oz.

### Atomizer

The Atomizer is a very inexpensive and easy to use tool for spray-applying Leather Spray Grain (M870-9400). It has 2 tubes positioned at 90 degree angle. One tube is the mouthpiece while the other is the dip tube. The user blows through the mouthpiece causing liquid to be pulled through the dip tube and atomized into a sprayed mist. It is fast and convenient to use because it doesn't have to be hooked to a compressor or an aerosol power pack. Atomizers are most popular for applying Leather Spray Grain, but some technicians also use it to apply Touch Up Pigment and Top Coat over their repairs.

M870-9350<sup>o</sup>

<sup>o</sup>Discontinued - Available while supplies last

### Leather Grain Maker Set

Makes copying the leather grain quick and easy. The Grain Maker Set is a quick hardening, two-component product to create repair grains to press a grain structure into the repair area.

M870-6504

### Leather Backing Fabric

Leather Backing Fabric is used to repair cracks and holes in leather. The fabric has an adhesive side that is activated by heat. 10" x 6"

M870-9455

### Mesh Fabric

Mesh Fabric is used to repair cracks and holes in leather. 12" X 50"

M870-9450

## LEATHER REFINISHING

### Top Coat Gloss (P)

Top Coat Gloss is a ready to use, high sheen waterborne topcoat that is tough and scratch resistant. It displays excellent feel, rub resistance and adhesion. A mixture of Gloss and Matte will produce various degrees of sheen. Add FM Slip/Non-Slip Additives up to a maximum of 3% to achieve desired effect. Crosslinker MC may be added in an amount equal to 10% of the Top Coat mixture.

△WARNING: Cancer Harm - www.P65Warnings.ca.gov. Applies to product(s) below.

M850-20334 8 oz.

### Top Coat Matte (P)

Top Coat Matte is a ready to use, low sheen waterborne topcoat that is tough and scratch resistant. It displays excellent feel, rub resistance and adhesion. A mixture of Gloss and Matte will produce various degrees of sheen. Add FM Slip/Non-Slip Additives up to a maximum of 3% to achieve desired effect. Crosslinker MC may be added in an amount equal to 10% of the Top Coat mixture.

# PROFESSIONAL LEATHER SYSTEM

## LEATHER CUSTOM

### Spew Remover (A,B,P)

Occasionally, fat liquors used during the tanning process or natural animal fat can migrate to the surface leaving a white film. This film can be wiped away but will reappear. Spew Remover displaces the film and penetrates into the leather to prevent reoccurrence, because it has properties to lock the fats into the leather.

⚠WARNING: Cancer Harm - [www.P65Warnings.ca.gov](http://www.P65Warnings.ca.gov). Applies to product(s) below.

## Leather Repair Aerosol System

The Leather Repair Aerosol System contains aerosols used to color over damages on pigmented leather (also known as top coated) where there is color loss or the leather has been repaired. The aerosols are designed to enable you to match most of the leather furniture that is popular today. They are especially effective at repairing two-tone finishes which are otherwise so difficult to match. The system includes Basecoats for matching background colors, Toners to add color over the Basecoats and to apply the stippled effect in two-tones, Color Adjusters for fine-tuning the color of the repair, and Leather/Vinyl Finish™ to adjust the sheen.

### Cabinet Care Kit

The Cabinet Care Kit is ideal for cabinet shops, cabinet dealers, furniture retailers, distributors - virtually anyone who wants to "maintain the showroom appearance" of their wooden surfaces. The Cabinet Care Kit contains everything your customer needs to care for their cabinetry and furniture investment.

△WARNING: Cancer and Reproductive Harm - [www.P65Warnings.ca.gov](http://www.P65Warnings.ca.gov). Applies to product(s) below.

**M881-0004**

#### Contents:

- 1 - 8 oz. Cabinet & Furniture Cleaner - an excellent overall cleaner for cabinetry and furniture. Use to clean light to moderate dirt. Will not affect the finish. Cabinet & Furniture Cleaner is concentrated and must be diluted at a ratio of 4 ounces per 1 gallon of water.
- 1 - 8 oz. Plush™ Cabinet & Furniture Polish and Restorer - may be used on any interior wooden surface to clean and maintain fine cabinetry and furniture pieces without altering the original sheen. Dries free of oily residue and resists fingerprinting when dry.
- 2 Cleaning & Polishing Cloths, 1 Dusting Cloth

### Cabinet Installation Kit

This kit is designed specifically for cabinet installers! The kit contains all the products needed to repair damaged areas during your cabinet installations and is packaged in a handy carrying case.

### Express Kit Program - Touch-Up And Repair Kit

Mohawk's "Touch Up And Repair Kit Program" makes it possible to design an individual Touch-Up and Repair Kit. You can order as few as 12 kits for your use or to provide to your customers to handle most minor touch-up requirements. Select from 23 different configurations. In addition to the products you select, each kit contains a Scotch Brite Pad, Plastic Leveler Card, and Tri-lingual instruction sheet. Each kit's outer label can be personalized with three lines of text so you can show your company name, part number, color name, or any information you want to appear on the label.

## ABRASIVES PADS

### Micro Mesh

Very fine grade abrasive pads in 7 grades used for fine scratch removal. Capable of polishing a finished surface to a semi-gloss and even a high gloss surface. Commonly used on polyester or acrylic surfaces to achieve super-high gloss. 4 per pkg., 3" x 6".

M905-0241	2400 grit	M905-0601	6000 grit
M905-0321	3200 grit	M905-0801	8000 grit
M905-0361	3600 grit*	M905-1201	12000 grit
M905-0401	4000 grit		

\*Discontinued - Available while supplies last

### Steel Wool Pads

Flexible alternative to sanding. Perfect for curved and ornate woodwork. Suitable for use with most strippers and refinishers. Removes old finishes without harming original surfaces. Recommended for use with most stains, lacquers and protective finishes. For cleaning and removing rust from metal surfaces. Restores brass, copper and bronze. Disposable. Sold 16 per pack. Approximately 3½" wide.

M909-0302	16 Pack, 000 Extra Fine grit, smoothing and polishing
M909-0303	16 Pack, 0000 Super Fine grit, finishing
M909-0305	16 Pack, 2-Med/Coarse grit, paint and varnish removal
M909-0306	16 Pack, 3-Coarse grit, stripping and cleaning

\*Discontinued - Available while supplies last

### Steel Wool

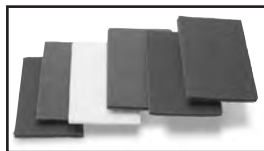

Layer built. 5 lb roll. 4/0. Approximately 3½" wide. Length: 125 ft.

M909-0540

### Non-Woven Hand Pads (Synthetic Pads)

Your best choice for general purpose cleaning and finishing a variety of surfaces. Fast cutting non-woven hand pads leave a more consistent finish than steel wool, wire brushes, and other non-woven hand pads. Can be used with water or solvents. Will not rust. Use as a final step when generating matte finishes on some solid surface countertops. 6" x 9" pads.

M909-7401	White, light duty cleansing pad, non-abrasive
M909-7412	Green, general purpose hand pad, very fine
M909-7415	Gray, ultra fine hand pad

## ABRASIVES-SANDPAPERS

### Lightweight Silicon Carbide Stearate Dry Sandpaper

B-weight Silicon Carbide paper, resin over glue bond, semi-open coat top-coated with Zinc Stearate dry lubricant. Suitable for sanding contoured surfaces or flat surfaces by hand, with sanding blocks, or on vibrating sanders. Ideal for sanding primer, paint, bare metal, and rust; or in woodworking, for sanding sealer, wash coats, bare softwoods and hardwoods, and between coats of furniture finishes. 9" x 11" sheets. 100 sheets per pack.

M906-1000	P150B grit	M906-1008	P280B grit
M906-1002	P180B grit	M906-1010	P320B grit
M906-1004	P220B grit	M906-1012	P400B grit

### Garnet PS 10

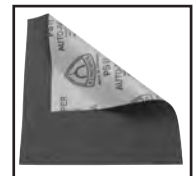

Premium Garnet material use in hand, fine finish type sanding, or sanding undercoats of finishing materials. Offers a "softer" cut that leaves a smoother surface. 9" x 11" sheets. 25 sheets per pack.

M906-1300	P80D grit	M906-1304	P120C grit
M906-1302	P100C grit	M906-1306	P150A grit

### Silicon Carbide Waterproof Sandpaper

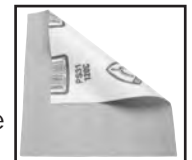

Waterproof Silicon Carbide, A-weight paper, resin-resin bonded and available in 7 grits. Use for sanding of furniture finishes such as varnish, lacquer, shellac, oil, polishing of glass, and in automotive body shops for final color sanding of paint. 9" x 11" sheets. 25 sheets per pack.

M906-1100	P220A grit	M906-1108	P1200A grit
M906-1102	P400A grit	M906-1110	P1500A grit
M906-1104	P800A grit	M906-1112	P2000A grit
M906-1106	P1000A grit		

### Open Coat Aluminum Oxide Sandpaper

Aluminum Oxide A, C & D-weight paper material. An extremely tough and durable synthetic abrasive. For sanding wood, metal, plastic, fiberglass and painted surfaces. Produces a soft, consistent finish at a budget price. 9" x 11" sheets. 25 sheets per pack.

M906-1200	P80D grit	M906-1206	P150C grit
M906-1202	P100C grit	M906-1208	P180A grit
M906-1204	P120C grit		

## ABRASIVES—SANDPAPERS

### Sanding Block

Hard rubber, cork and felt blocks, for sanding.

## BED HARDWARE

### Bed Hooks

Bed Hooks will convert your present bed headboard into a Hollywood bed in a few minutes without drilling holes in the headboard legs. Slip into the slit of the headboard legs in place of the former bed rails. Simply attach metal bed carriage to Bed Hooks with bolts provided. Nickel anodized finish.

- M933-0060 1 pair

### Adapter Plates

Adapter Plates enable your customers to convert old beds to modern mobile Hollywood beds. Takes care of the difference between the width of the customers headboard and the spring and mattress. Made of heavy gauge steel. Offers more than the usual amount of vertical height adjustment by having two sets of slots for connection with any metal bed frame. Nickel anodized finish.

- M933-0061 1 pair

### Bed Rail Tighteners

Made of corrugated steel. Slip over end of bed rail hook; will take up all slack between bed rails and bed post. Also prevents squeaks.

- M933-0100 Package of 12

### Bed Hook

For floating headboard off the floor. Hooks in-and-under standard pins in headboard. Easy installation in a few seconds with no measuring or drilling. No bolts showing to mar walls. 12 horizontal slots for desired height off floor, and side to side adjustments. One piece heavy gauge steel. Each pair conveniently packed with instructions and necessary hardware. For QUEEN SIZE BEDDING (60"). Can be used with FULL SIZE HEADBOARD: simply switch right bed hook to left leg and left bed hook to right leg.

- M961-0070 1 pair<sup>o</sup>  
<sup>o</sup>Discontinued - Available while supplies last

### Swing Hinge

Attaches bed to headboard. One pair.

- M908-1001

### Display Rails (short bed)

For displaying and storing beds. Two styles. 6". No bolts supplied. Bolts available on page 93.

- M933-0063 Hook on  
M933-0064 Bolt on

## HAMMERS & MALLETS

### Tack Hammer

Magnetized tip, fully polished 3-3/4" square head. Hickory hardwood handle. 5 oz. head weight. 10" total length.

M951-0417

### 28 oz. Mallet

Heavy white rubber mallet with non-mar surface. Superior quality, limited bounce. White hardwood handle. 2-1/2" diameter face, 4-1/2" diameter head. 14" long handle.

M957-1975

### 24 oz. Mallet

Rubber mallet can be used without fear of marring metal parts. Limited bounce. Solid dense black rubber head with white hardwood handle. 2-1/2" face, 4-1/2" head, 14" long handle.

M957-1976

## HEAT GUNS & BURN-IN TOOLS

### Micro Therm™ Flameless Heat Gun

The Micro Therm™ Flameless Heat Gun is a hand held self-igniting flameless heat gun and is powered by a refillable fuel cell. The Micro Therm™ is the perfect heat source for the Quick Fill® Burn-In Stick.

- Hand held, automatic electronic ignition
- Patented safety lock
- Produces 1300°F flameless heat
- Refillable fuel cell-disposable butane lighter
- Compact ergonomic design, butane not included

M900-3215

M110-9005 Butane Refill

### Small Heat Iron

The Small Heat Iron with round flat head and heat tube:

- Improved 100% Iron tip
- Enables technicians to apply hot air to the repair area by blowing gently through the plastic tube
- A circular pad is mounted on the iron for direct heating of graining paper or grain mold
- Takes little space in a repair kit for service calls, yet can be used with Heat Cure Compound for graining and curing techniques
- Very economical

M870-5710 Heat Iron, Small w/Round Flat Head & Heat Tube

### Large Heat Iron

Excellent for repairing long rips and tears in vinyl fabrics and vinyl upholstery. Even 15" long repairs can be made with this iron. Accurately balanced. Durable. Built in heat control thermostat. Includes a 5-1/2' (1.7 m) AC cord and metal stand to protect your work area while the tool is at rest. 165 Watts.

M870-5755 Large Heat Iron

### Heat Gun w/Tip

Furnished with a specially designed tip which fits over the nozzle of the gun to focus heat flow to a 1/4" diameter. Use to cure Mohawk's Vinyl Repair Compound. Excellent tool to re-flow a repair for re-graining. New higher watt element cures compound faster. Use to repair small cuts, tears, punctures, abrasions and splits. 475 watts.

M870-8600 Heat Gun w/Tip

M900-120F Flat Blade  
M110-9005 Butane Refill

### Electric Oven

Effectively heats manual Burn-In Knives. Includes pilot light. Heats in minutes. Maintains constant heat. Freedom from cord connected tools means-unlimited area of operation. Accessible from both ends. Equipped with 3-wire grounded circuits. 15 amp, 125 volt plug. All metal construction. Oven temperature 700-800 degrees Fahrenheit. UL approved, 115 watts, 115 volts.

M900-KPAO Electric Oven w/ Pilot Light  
M900-KPAE Replacement Element<sup>c</sup>

### Battery Operated Burn-In Knife

The Battery Operated Burn-In Knife is a convenient, portable and safe alternative to other hot knife tools available. This tool will melt the Hard Fill and Hard Fill Plus without a cord or a flame. Each unit will be packed with a pointed and a flat tip, batteries included. This portable soldering iron requires 3 x 1.5V AA batteries.

M900-3400

## KNIVES

### Utility Knife Blades-Heavy Duty

Heavy duty, high carbon steel blades. Precision-honed edge for consistent and extended cutting life. Fits most standard utility knives. 2-7/16" length x .025" thick. Blades packaged in a plastic display dispenser that mounts on the wall.

M949-0100 100 per pack

### Utility Knife, 6"

Three position blade, retractable to full, half and one quarter. Die cast aluminum handle is durable and lightweight. Includes three 11-921 heavy duty blades. 6" length.

M949-0103

### Single Edge Razor Blade

Single-edge razor blade. Steel-backed high carbon steel blade fits all standard razor blade tools. Replacement blades for Stanley 28-100 and 28-500 scrapers.

M949-0301 100 per pack

## BUTANE

### Butane Fuel Refill

Ultratane butane fuel is food grade pure, triple refined, and formulated with proper vapor pressure for trouble-free use. This Butane Fuel Refill is used for the M900-M120, M900-3210 and M900-3330 Burn-In Knives and M900-3215 Micro-Therm™ Flameless Heat Gun.

M110-9005 5.1 oz. net weight

## MASKING TAPE

### Painter's Mate Green Masking Tape

Premium Grade. Designed for use on all paints and many lacquer and varnish coatings. This tape is recognized by and known for its quality performance and it's green color. It leaves clean, straight paint lines with less edge bleed. Does not lift, curl or transfer adhesive with most lacquers. This tape can also be used on rough, uneven or hard to sitck surfaces. *(DO NOT USE on easily damaged surfaces, such as: wallpaper, wallboard, ceiling tile, uncured coatings or other delicate surfaces).*

M910-2001 Width: .945" x 60 yd; 24mm x 55m

### Masking Tape Release (Blue Painters Tape)

Acrylic adhesive allows clean, easy removal up to 14 days without damage from painted walls, trim, woodwork, glass and metal even when exposed to direct or indirect sunlight. Backing saturant provides solvent and moisture resistance which reduces paint bleed-through and rework time.

M910-2002 .945" x 60 yd 24mm x 55 m ∞

M910-2003 1.89" x 60 yd 48mm x 55 m ∞

M910-2005 .709" x 60 yd 18mm x 55 m ∞

∞Discontinued - Available while supplies last

For future order please see  **FINISHER'S** products on page 47.

## MIRROR SUPPORTS

### Mirror Supports

Our Mirror Supports are the highest quality on the market. Being 100% American made they have the following benefits:

- Stronger than any other fastening device for mirrors on the market
- Made of 18 gauge steel, which is 37% stronger than the 20 gauge imports
- Will not bend or twist under heavy mirror weights ensuring durability and safety

Mirror supports allow for desired adjustment up or down. Screws are included for mounting. No brackets necessary. 12 per pack.

M999-1014 4' unassembled

M999-1015 5' unassembled

## MISCELLANEOUS

### Compound Tool

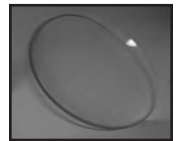

Used to push the backing fabric into and under damage. Also used to apply clear L/V Repair Compound over the backing fabric in the damaged area.

M870-9200

### Match-All™ Tinting Glass

M900-4602

### Match-All™ Tinting Loop

Used to dip into the Match-All™ staining liquid to disperse droplets of color onto mixing glass. Allows user to control drops to acheive specific color.

M900-4601

### Staple Remover

#120-1/2 Use to remove staples and tacks. Durable. Easy to use. Greater angle facilitates lifting rather than knocking out of staples.

M941-0121

### Gripper Tack Puller

Manufactured with alloy steel for strength. Precision ground and sharpened. Heat treated for durability.

M951-0418 7" length, 7/16" point size

### Paint Strainer

Filters foreign matter or undissolved solid particles found in various stains or coatings (paint, varnish, lacquer or enamels). 226 Micron Synthetic Filter.

M972-1002 Pack of 250 ∞

∞Discontinued - Available while supplies last

For future order please see  **FINISHER'S** products on page 47.

## MISCELLANEOUS

### Mohawk Leveler Card

Leveler Card can be use with Quick Fill® Burn-In Sticks to level burn in or to scrape excess burn in.

H898-0002

### Wet Mil Gauge

For measuring wet film thickness of lacquers, enamels, paints and many other wet coatings that are sprayed, dipped or brushed on a smooth surface.

M900-1040

### 18" Stir Whip Mixer

Revolutionary design allows the user to quickly mix or stir any material; liquids, paints, glues, epoxies, compounds and concrete.

- Designed to use in large containers
- Flexible fingers fit through a 2" opening without trimming
- Easy cleaning

If using with lacquers or other flammable liquids use pneumatic air drill. Sparks from electric drill motor could ignite flames.

M972-1010

### Grain Filler Spreader & Leveler

This combination tool is 6" in length with a single curve profile and square corners. It is a double edged tool that is designed to quickly and easily apply grain fillers. The comfortable profile allows easy use of each edge, the flexibility allows for maximum conformity. Use the rigid edge for heavy applications and the flexible, thin rubber based edge for lighter applications. It also greatly aids in the removal of excess filler, thus reducing sanding time. This tool features low memory and low glide.

M902-3010

## PACKING / SHIPPING / DELIVERY

### Stretch Film

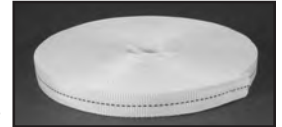

Replaces storage boxes, tape and twine. Wraps skin-tight. No adhesive residue. Protects against tarnish, rust, weather, insects, rodents, and scratches. Use for moving, shipping, and storage.

M910-2006 5" x 1000'

### Tie Down Straps

Versatile, extremely durable and rugged with a breaking strength of 1100 lbs. Ties easily and can be used on any moving job. 50 foot rolls.

M939-0100 2" width, Cotton  
M939-0625 1" width, Polyester

### Van Pads

Made with cotton batting that is thicker, more durable, and more resilient than any other budget moving blanket. Constructed of non-woven fabric with 3" cotton binding on all 4 sides and 4 finished corners. Black/Gray, 72" x 80" size.

M995-1101 Econo Deluxe

For the most protection these moving blankets have the thickest, heaviest cotton pad batting to provide care to your furniture. These moving blankets have 3" non woven binding on all 4 sides with 4 finished corners. Two-Tone (Blue/Blue), 72"x80" size.

M995-1103 Mega Mover

## PICTURE HANGERS / WIRE

### Picture Wire

Durable, tinned flexible braided cord wire for hanging mirrors, picture, etc.

M930-1005<sup>°</sup> #5, 24 strand, 750 feet/roll, up to 31lbs. max picture weight

*Note: We recommend using picture wire at least four times the breaking strength of the weight of the picture.*

*°Discontinued - Available while supplies last*

### Adjustable Hanger

Used for hanging and leveling all types of mirrors and pictures. Adjustable to 1/100". Can be adjusted with a screwdriver after installation. Wireless Hanger is nailed to the wall. Maximum capacity 40 pounds each. 1 pair per card.

M968-3010

### Picture Hangers

Swivel type mirror hanger. Zinc finish.

M969-2501 50 pieces per box<sup>°</sup>

*°Discontinued - Available while supplies last*

### Picture Hangers

M969-2504 30 pound capacity, 6/bag

M969-2505 50 pound capacity, 3/bag

M969-2503 100 pound capacity, 2/bag

### Self-Leveling Picture Hanger

M969-2506<sup>°</sup> 5 per bag

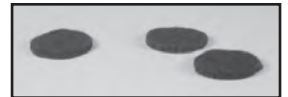

*°Discontinued - Available while supplies last*

## PROTECTIVE DISCS, SQUARES & BUMPERS

### Felt Discs

Pressure sensitive. Backed with protective cover paper which can be peeled for instant application. Brown. 1/16" thick.

M940-0101 3/4" diameter 500 per box

M940-0102 3/8" diameter 500 per box

### Plastic Discs

Transparent. Permits use on any color furniture or desktop. Made of a clear rubber-like plastic that is practically invisible under glass. Will not discolor or deteriorate furniture finishes. 3/4" diameter.

M940-0401<sup>°</sup> Without adhesive 100 per box

M940-0402 With adhesive 100 per box

*°Discontinued - Available while supplies last*

### Clear Bumper Discs

Excellent non-skid, high co-efficient of friction. Non-marring and non-staining. Permanently resilient - won't crack or harden. Excellent abrasion resistance, vibration and shock-damping. Use as spacers for cabinet doors, lids, and drawers. Feet on the bottom of cabinetry, clocks, speakers, etc. Bumper Protectors for chairs, walls and sliding doors. Pads and Cushions for fans, small appliances, and furniture.

M940-0404 50 per box

### Stem Bumpers

Hard plastic stem bumpers. Stems - 1/4" diameter. Surface - 1/2" diameter, 3/16" thick. Pin - .34" long.

M980-1806 Clear 100 per bag

## PROTECTIVE GEAR—SAFETY EQUIPMENT

### Gloves

Interlock knit fabric lining absorbs perspiration and insulates against heat and cold. Slips on and off easily. Safe non-slip grip. Pylox coating resists oils, acids, grease, and most industrial chemicals including solvents. Curved fingers with non-slip grip. Medium weight.

M959-3402° 10-1/2" length, Large, 1 pair

°Discontinued - Available while supplies last

### Nitrile Non-Latex Gloves

The Original N-Dex Powder Free is a 100% nitrile, non-latex utility grade glove. The Original N-Dex Powder Free gloves are ambidextrous. 9-1/2" long, 4-mil thick, 100 gloves per box.

M959-3505 Medium  
M959-3504 Extra large

### Craftsman Apron

Neck band and tie strings. Pencil and standard pockets. Imprinted with Mohawk Finishing Products, Inc. Royal blue color. 28" X 36" size. Neck strap: 24".

M959-5502

### Pen Pocket Plus™ Apron

Keeps your touch-up markers at your fingertips. Color selection is always visible. 3 additional pockets to hold other essentials. Carry markers anywhere while keeping your hands free to do the work. 25 1/2" x 23 1/2" size. Neck strap: 24".

M959-5503

### Dust Mask

Lightweight disposable masks for providing respiratory protection during such tasks as lawn mowing, sanding, grinding and insulating. Filters out non-toxic dust, powders, pollen and spray paint.

M959-8561 50 per pack

### Clear Safety Eye Guards

Protects eyes from flying chips and particles. Large lens fits over most personal glasses. Meets ANSI Z87 Safety Eyewear Standards. Lens Color: Clear.

M960-1003°

°Discontinued - Available while supplies last

### Respirator Assembly

Professional Series Respirator assembly R7512ES, OV/P95 Medium. Recommended for exposures to organic vapors and mists commonly associated with spray painting, lawn and garden pesticides, staining or refinishing decks and hardwood floors, and many other applications.

M960-6100

### Respirator Filter

Organic Vapor Cartridge/Particulate P95 Filter R6022, consists of 1 pair of organic Vapor Filter 6001 and 2 pair of Organic Vapor Cartridge 5P71, P95.

M960-6101

## SCRATCH AWL

### Scratch Awl

4 inches long.

M946-1008°

°Discontinued - Available while supplies last

## SCREWDRIVERS

### 2 Point Standard Fluted Phillips® Tip Screwdriver

- Ergonomically designed handle for comfortable grip
- Alloy steel nickel protected blades for long life
- Hardened tips for slip-resistant fit

M936-1372° 4" blade length, 1/4" blade diam., #2 point size, 7-5/8" overall length

°Discontinued - Available while supplies last.

### Nut Driver

Magnetic nut driver Isomax screwdriver. Stubby. 1/4" nut setter.

M946-4161° 2-1/2" long

°Discontinued - Available while supplies last.

## SHEARS

### Industrial Shears

Bent trimmer shear. High quality. Each blade forged of one piece. Inlaid blades. Black handles. Polished blades.

M945-0427 10" long, 4-3/4" cut. 12 oz.

### Bent Trimmers

Right hand. Contour plastic handles for comfort. "Dura-Sharp" edges.

M945-0429 8" length

## SHELF SUPPORTS

### Shelf Support, Vinyl Coated Foot

Shelf support for glass shelves with riveted pin and vinyl covered base. 3/4" base, .245 pin.

M930-1783 Brass plated 100 per box  
M930-1784 Antique copper 100 per box

### Shelf Support, Sturdy

Shelf support with riveted pin and securing hole. 3/4" base, 1/4" pin, 3/16" hole. Antique copper finish.

M930-1789 100 per box

## SPRAY EQUIPMENT & ACCESSORIES

### Pressure Unit Spray Tool

No hoses, compressors, or wires. Sprays any thinned liquid. Portable industrial sprayer without the usual encumbrances. Utilizes the same principle as commercial spray guns. Replaceable power pack contains a liquid propellant that will spray up to 30 ounces of paint or other sprayable material. The precision preset spray head assures a perfect spray pattern. Snap on spray head improved to include 3 interchangeable spray heads: Red - Heavy, White - Medium, and Blue - Fine. Ideal for maintenance and production jobs throughout the shop. Extra jars and caps available. Not recommended for waterborne paint.

M110-0903 4 ounce jar w/ cap ∞  
M110-0904 4 ounce jar w/ cap, 6.5 ounce can, and snap-on spray head ∞  
M110-0906 Snap-on spray head ∞

∞Discontinued - Available while supplies last.

### Power Pack

Make your own aerosol. Versatile-use for stains, lacquers, paints, varnishes, shellac, cleaners, polishes, and epoxy coatings. Power Pack will dispense 16 oz. of liquid with the same fine spray as aerosol cans. For Heavy Spray.

M110-4950 Power Pack w/ 1 ounce jar  
M110-4949 Power Pack w/ 6 ounce jar

### Power Pack Replacement Bottles w/Caps

M110-4952 1 ounce jar w/ cap  
M110-4953 6 ounce jar w/ cap

### Airbrush Propellant

Net weight - 6 oz.
